ADDIS ABABA, Oct. 18.—Italians today launched a new wave of bombing of Ethiopian territory, killing many women and children, according to an official Ethiopian communique.

The bombing attacks were especially violent south of the important northern town of Makale.

In this region, the official statement said, "war planes were bombing and flying low, raking the ground with machine-guns without regard for women and children, many of whom were killed."

A great number of the Italian bombs failed to explode, Ethiopians reported, and the population collects them and dumps them into rivers and streams. One Ethiopian was killed doing this, the statement said.

The northern front was reported quiet except in a few localities where Ethiopians attacked Italian advanced posts and captured a few prisoners.

The Ethiopians reported they had observed no signs of an Italian advance.

Planes Penetrate Interior.

London, Oct. 18.—Italian bombing planes today penetrated far into the interior of Ethiopia, according to dispatches received here, dropping bombs but inflicting no casualties.

One reconnoitering bomber was reported at Uolcait, north of Lake Tsana, important British interest in Ethiopia, according to an Addis Ababa dispatch to the Evening Standard. Another was reported over Didamo province.

The Exchange Telegraph correspondent with the Italian army reported bombing squadrons from Aksum and Asmara flew over the Makale zone, where Ethiopians persist in massing in the mountains despite the approaching Italians.

The airmen said the Ethiopians were successful at camouflaging themselves, lying motionless on the ground or clinging to the trunks of trees when planes are heard overhead.

Action By British Seeks To Calm Down Spectre Of New War

By DAVID P. SENTNER
International News Service Staff Correspondent

LONDON, Oct. 18.—The British government, it was indicated plainly today, is frankly alarmed at the spectre of war with Italy, and is taking steps to cool the flames of international animosities which might easily and suddenly be whipped into war-frenzied hatreds.

The French were blamed in high quarters for stirring up the anti-British war fever which admittedly exists throughout Italy.

In an effort to ameliorate the growing Anglo-Italian tension, a comprehensive reaffirmation of the position of the British government in the Italo-Ethiopian dispute was issued to the British and the foreign press today from the highest authoritative quarter.

It was declared Britain never had any intention of taking unilateral action against Italy, as the Italian press repeatedly has charged.

No Blockade Contemplated

Neither, it was stated, did Britain ever contemplate a naval block-

Would Prevent Aid To Italy Through Any Of Three Opposing Sanctions

(BULLETIN)
(International News Service)

GENEVA, Oct. 18.—Austria, Hungary and Albania, which stood with Italy against league of nations actions, today felt Geneva's lash as the league, tacitly branding these three countries covenant breakers along with Italy, acted to apply "secondary sanctions against them.

Fearing that Italy's friends would frustrate embargoes imposed by the 49 other nations of the league, the economic sanctions sub-committee approved a plan to frustrate reshipment of goods to Italy through the three "deserter nations.

Adopting a long list of goods banned to Italy, the subcommittee laid before the full sanctions council a proposal that Austria, Hungary

Austria Faces Further Crises

Yesterday's Mysterious Cabinet Shake-up Not Likely End, Is Belief

VON STARHEMBERG GETS MORE POWER

By ALFRED TYRNAUER
International News Service Staff Correspondent

VIENNA, Oct. 18.—Further governmental crises probably will follow yesterday's mysterious cabinet shake-up, political circles agreed today.

This stood out as the most certain phase of a situation packed with enigmas. The international importance of the shake-up, which gave new power to the pro-Italian Fascist Heimwehr leader, Prince Ernst Rudiger Von Starhemberg, was vague.

Despite the ascendancy of Prince Von Starhemberg, there was a distinct possibility that Austria would lean toward Britain and France. The reason for this lay in the fact that Italy, engaged in her East African war, has been forced to withdraw important financial support from the Heimwehr.

Reason for Shake-Up

This was one of the reasons for the shake-up yesterday, in which Major Emil Fey and other comparatively unpopular Heimwehr radi-

Sees No Danger Of World War

Sir Norman Angell, Famous Britisher, Sees No Immediate Conflict

(International News Service)

NEW YORK, Oct. 18.—There is no immediate danger of a World War growing out of the Italo-Ethiopian conflict, in the opinion of Sir Norman Angell, famous British economist and Nobel Peace Prize winner of 1933.

Sir Norman said:

"I do not believe there is an immediate danger of a World War. Of course, there is a very real danger of, more than that a certainty, that we will have a war of such proportions no one dares think of it if the present attempts to guarantee peace through league action fails.

"But such a war would not come now.

"If the nations fail to curb the present Italian adventure through league action and the policy of 'putting might in its place' through concerted action is abandoned war is invitable. But there concerted action is abandoned war is inveritable. But there will be a period of years before it comes. No nation now would care to enter it without considerable preparation."

Move British Election Ahead For Entire Year

Government To Appeal For Indorsement Of Aggressive Policy Against Italy

(Copyright, 1935 By International News Service)

LONDON, Oct. 18—Advancing the date of the general election to November 14, a whole year earlier than the law requires, the British government planned today to appeal to the electorate for a mandate" involving a billion-dollar internal "war" loan to speed rearmament, and indorsement of Britain's aggressive policy against Italy.

For the first time since the World War, it was learned, rearmament will be the major plank in the government's election platform, with social and other domestic issues playing a minor part as a result of the Italo-English crisis.

While Britain impatiently waited for a formal "yes" or "no" to its flat demand that wavering France reveal whether it will give Britain naval support in the Mediterranean, plans went ahead rapidly for increasing the British fleet and improving the army.

Passengers Are Removed In Safety — Three Members Of Crew Missing

(BULLETIN)
(International News Service)

ALEXANDRIA, Egypt, Oct. 18.—Within a few hundred yards of British warships and fighting seaplanes riding in Alexandria Harbor, the 12,995-ton Italian passenger ship Ausonia today caught on fire after an explosion that rocked the nervous city with a realistic war scare.

Three members of the crew are missing, and are believed dead. Eight others were burned, but none of the passengers was hurt.

British naval picket boats sped to the flaming vessel, from whose superstructure billows of black smoke poured, and took off the frightened and choking passengers.

Towed To Shallow Water

Listing heavily to port, the Ausonia was towed to shallow water alongside the breakwater, where she continued to burn furiously.

The Ausonia, which is on the passenger run from Trieste, Italy, to Syria, had arrived inside the artificial harbor at 7:15 o'clock this morning.

She was awaiting quarantine formalities, with all her passengers and

Pennsylvania's Baptists have made their farewell to New Castle after a three-day convention that reached a new peak in interest and attendance.

Emperor Selassie Orders Tribesmen To Be Flogged For Demonstration

(International News Service)

LONDON, Oct. 18—Unruly Wolamo tribesmen today staged a menacing demonstration, firing numerous rifle shots, outside the fortified house in Addis Ababa in which Count Luigi Vinc-Gigliucci, Italian minister to Ethiopia, is being kept, according to a Reuters dispatch.

Count Vinci, after being ordered out of the country by Emperor Haile Selassi, refused to go, and now is being confined under protection of the imperial guard. He is free to leave the country whenever he desires.

Police were unable to restore order, Reuters said, and the imperial guard was called out. Many tribesmen were arrested, and several of them were ordered by the emperor to be flogged.

Weapon Found By Boys May Be Revolver Used In Mrs. Westwood Slaying

(International News Service)

PITTSBURGH, Oct. 18.—Fate took a role in the mysterious murder of Martha Westwood today by placing in the hands of police a rusty revolver that may prove to be the one that spat the three fatal bullets into the victim's body while she slept in her home the early morning of last July 10.

The weapon was discovered in a pile of refuse by two youths a block from the McKees Rocks home of Squire James J. Westwood, indicted for the slaying of his wife.

Police, informed of the find, discovered the gun was a 32.20 caliber Colt Police Positive, the chamber contained three full shells—and three empty ones.

The make and size were the same as the gun county detectives determined was used by the murderer.

Kiwanis "Show Boat" Presentation Pleases Crowd At Cathedral

Take a handful of music, a couple of cups of humor, a dash or two of spice, several portions of dancing, stir well, garnish with a flock of good looking girls serve hot, and what do you have? "Showboat". The Kiwanis "Showboat," a musical potpourri served at the Cathedral Thursday night to about 2000 customers who licked their plates and like Oliver Twist, asked for more.

"Showboat" is a minstrel show and it's a musical revnue. Its a vaudeville and its a dance presentation. All of those elements had a part in the production and the whole combined to make about 2½ hours entertainment. And tonight the dishes will be warmed up again and served to another crowd of customers, said to be larger than the one of Thursday night.

Something New

The minstrel presentation was a trifle different than the usual run of mine cork operas. The curtain rose on the American Legion Band under the direction of Joe F. Replogle. The band was "on" Thursday night and the youngsters provided a good opening for the show to follow. Down in the pit Harry Hammond and his Keystone Serenaders provided the musical accompaniments for the entire show.

The band over, C. J. Callahan, the "Musical Chef" looking like a male advertisement for pancakes, stepped out and announced that he was about to serve a musical menu to the guests and was as good as his word. The first course was a group of usherettes who pranced down the aisles and up onto the stage where they tapped out a dance routine that was promising. At the mike was Johnny Hodge looking like what the well dressed Emcees will wear this season. The dancing usherettes were Earlene Wheeler, Pauline Opera, Helen Humme, Adeline Ferrari, Betty Uber, Jean Lutton.

Grand Finale

Reversing the usual routine of minstrels the grand finale was put on next, which was different at least. Then a musical number by Harry Powell and Ruth Wilkison. The fourth course was a prison scene "On The Inside—Looking Out" with Lou Pearsall, Tom Grittie, Bill Greer, Amil Lelenko, Jack England and Herb Stockman presenting some close harmony. During this presentation Miss Billie Glenn crashed in with a dance solo that

France Pushed Near Showdown

British Make Preparations To Defend Egypt

Strengthen Forces At Both Cairo And Alexandria For Eventualities

PLANE SQUADRONS ARRIVE ON SCENE

Population Is Held Firmly In Grip Of Fear Of War Outbreak

By E. P. LOVEGROVE
International News Service Staff Correspondent

CAIRO, Oct. 18.—Fear of war, growing steadily here in recent weeks, held Cairo firmly in its grip today as the armed forces of Britain made ready to defend both Cairo and Alexandria from possibly attack by Italian ships or planes.

Located in a position of great strategic importance in the Anglo-Italian-Ethiopian war crisis, both cities were undergoing real fortification as Britain rushed warships, fighting planes, and troops to protect Egypt and "the life line of the British empire"—the route from England to the Far East through the Mediterranean and the Suez Canal.

150 Planes Arrive

A total of 150 planes have arrived at Abukir from England during the last two days. As soon as they are fitted up, many of them will be sent to Mersa Matruh, where British air quarters in the northwest have been established, near the Libyan frontier.

Two British motorized regiments, the Seventh and Eighth Hussars, were ordered to dash to this frontier, where 57,000 Italian white troops are understood to be massed.

Effect of the current war scare on the population was clearly demonstrated in an incident in which a plane suddenly was observed flying over old Cairo, a densely-populated native quarter.

Suddenly it swooped down, dropping what the natives thought were bombs.

Panic followed. The people rushed to cellars and many women—in

And constant rain upon my neck, is irritating you'll agree, though I'm a fan for many years, one of the thirty third degree. But too much rain is too much wet, and slows the game up I would say, lay off the rain at least tonight, the weather's slimy one today.

ASK FLAG SALUTE RULING

Margiotti Will Frame Ruling

State School Head Asks For New Statement By Attorney General

LAST DECISION 15 YEARS OLD

(International News Service)

HARRISBURG, Oct. 18.—**Pennsylvania is going to have a new and up-to date ruling on what to do with school children who refuse to salute the flag now that a veritable regiment of pupils in that category is being uncovered.**

Attorney General Charles J. Margiotti will write the ruling, in reply to a request from superintendent of public instruction Lester K. Ade.

Dr. Ade turned to Margiotti when the flood of requests for guidance outgrew the 15-year-old ruling of Sterling G. McNeese, who decided in 1920 that school districts could make local regulations insisting upon a salute to the flag and enforce them. There is no state law covering the matter.

The whole thing started when Canonsburg school authorities asked what to do with a student and his sister, a teacher, who refused to salute the flag for religious reasons. Dr. Ade quoted the McNeese ruling. Then came requests for advice from school boards at Minersville; Rostraver township, Westmoreland county; and Middleburg, with a total of seven other students.

In Middleburg the four students also refused to take part in devotional services at the school.

ACTION BY BRITISH SEEKS TO CLAM DOWN SPECTRE OF NEW WAR

(Continued From Page One)

ade, or closing of the Suez Canal or the Red Sea.

It was denied the British defense where a great British naval and air fleet is massed, had a provocative significance.

Britain's chief interest, it was reiterated, is the maintenance of collective security and collective action under the League of Nations convenant.

Premier Benito Mussolini, it was said has been "poisoned by his own food," meaning the violently anti-British Italian press, government controlled.

"Unfortunately," said an official high in government circles, "these dangerous ideas have been strengthened with and fostered by the French press, which has proceeded deliberately to allege Capt. Eden (Anthony Eden, British minister for league affairs) has taken the initiative at Geneva, and that Britain has been intent on dragging Italy into a choice between humiliation and war.

Clear Up Absurd Conceptions

"That is why it is the authoritive view in this country that these absurd conceptions should be cleared up, and that the doubts which the attitude of the French press has created in the minds of the people of this country 'definitely' removed."

The Italian press for weeks has been informing the Italian public that Britain, and not the league, stands in the way of attainment of Italian aims in East Africa.

Britain has been pictured as leading a world front against fascism, acting for her own interest rather than in those of the league.

These are the "misconceptions" which the British government now is anxious to clear up before war comes bounding upon England with such momentum it cannot be halted.

A special meeting of British ministers was called for tonight to debate the crisis.

The reply to the naval inquiry was expected from France on Monday after the French cabinet session on that day. The British anticipate an unqualified yes, they asked for a flat yes or a flat no, thus allowing foreign minister Sir Samuel Hoare to include the situation when he makes his important declaration on British policy before parliament at its opening session Tuesday.

Money-Facts In Operation Of Jameson Memorial Hospital

This is the seventh of a series of articles by the Board of Directors of Jameson Memorial hospital. The eighth will appear in these columns tomorrow.

Previous articles in this series have reported the growth of service of Jameson Memorial Hospital to the citizens of our community and have recorded the results of our efforts in stabilization of costs to evidence both efficiency and economy in hospital administration while assuring all of us the best we know how to create in modern hospital care. We shall follow these substantial facts to their logical conclusion but before doing so we shall present the money-facts of our hospital's operation as a whole. The chart below is a comprehensive record of how our hospital is used and where the money comes from to pay the expense of its operation.

	1932	1933	1934	6 Mo. 1935	42 Mo.
Total Days Care New born Babies Excluded	19,709	21,585	25,080	15,481	81,855
Pay Patient Days Care	11,177	11,819	14,270	8,446	45,712
Percent of Total	57%	55%	57%	55%	56%
Free Patient Days Care	8,532	9,766	10,810	7,035	36,143
Percent of Total	43%	45%	43%	45%	44%
Total Cost of Hospital Operation	$91,038	$90,999	$111,363	$63,890	$357,290
Total Paid by Pay Patients	$60,182	$58,975	$ 69,856	$42,303	$231,316
Percent of Total Cost	66%	65%	63%	66%	65%
Total Paid by State	$14,000	$14,000	$ 14,000	$ 7,000	$ 49,000
Percent of Total Cost	15%	15%	13%	11%	14%
Total Paid by County	$ 6,175	$ 8,799	$ 4,175	$ 2,775	$ 21,924

Total Deficit for Philanthropy	$10,681	$ 9,225	$ 23,332	$11,812	$ 55,050
Percent of Total Cost	12%	10%	20%	19%	15%

Babies born in our hospital are not included in the accounting because no charge is ever made for their care. It is to be observed again that year after year the ratio of pay-patients and free-patients to total service remains substantially constant and it is a striking fact that pay-patients pay an almost fixed proportion of 65% of total hospital operating cost, while they receive 56% of the total hospital service. While pay patients are carrying 65% of the burden of cost of hospital operation, the loads shared by our public treasuries are declining rapidly. For 1935 the score stands:

Pay patients pay.....66%
State pays.....11%
County pays..... 4%
Philanthropy must pay..19%

Private philanthropy and public Community Chest philanthropy have already paid over $40,000 of the $55,050 total deficit indicated in the chart. Only through continued generous philanthropy can Jameson Memorial Hospital continue to serve us all.

The French reply to the British poser probably will be affirmative, according to foreign office circles, but it was understood no answer would be made until after the French cabinet meeting Monday and also, significantly, after the senatorial elections of Sunday, in which Premier Pierre Laval will go before his constituents.

Sir George Clerk, British ambassador, was believed planning to see Laval this afternoon for further discussion.

Both British and French quarters flatly denied Laval had either communicated to Sir George the draft of a reply or made a definite answer of any kind.

It was an open secret here that the British were exerting very strong diplomatic pressure, with the fate of the Locarno treaty alignment hanging in the balance.

News of the forthcoming major push from the south was carried in press dispatches from the front, while it was learned in Rome that Premier Mussolini has scored his first victory over League of Nations sanctions with an informal agreement to secure supplies of coal from Germany.

Orders 100,000 Ready.

London, Oct. 18.—Emperor Haile Selassie today ordered 100,000 men massed in the region of Dolo, on Ethiopia's southern front, for an advance into Italian Somaliland, according to an Exchange Telegraph dispatch received here from Addis Ababa.

It was understood the Italians' strategic plans call for the taking of Dolo as soon as the Italians launch an attack from the north, and then to advance from Dolo across Somaliland to Mogadiscio, on the coast, and most important city in Italian Somaliland.

Sharp Fighting.

London, Oct. 18.—An Italian column today was cut off by Ethiopian warriors north of French Somaliland, but succeeded in regaining Eritrea after bitterly sharp fighting, according to a Reuters dispatch from Djibouti, French Somaliland.

Advance On Makale.

London, Oct. 18.—The Italian forces invading northern Ethiopia are advancing upon the important town of Makale, about 100 miles inside the border, it was stated authoritatively in a Reuters dispatch from Addis Ababa today.

Advance guards, said the dispatch, now are within 20 miles of the town.

The troops of Ras Seyum, chief Ethiopian commander in the area, were reported retiring in accordance with orders. It was not known whether he would defend Makale.

The recent Italian troop reinforcements in Libya have resulted in renewed activity everywhere, especially along the Libyan border.

the Pennsylvania Baptists," he said, "and the biggest business I have is to master and control myself."

He spoke of the many things that divert ministers and churches from their real business. He reminded his audience of Jesus' words to Peter, "What is that to thee? Follow thou me." He said that the real business of minister and church is to save souls.

"Our business is to surrender our wills to the Master, to persuade our brother to surrender his will to the Master, and to persuade the world to surrender its will to the Master. It is also our business to change the ways of the world and lead it to the only right path."

The last convention session was opened at 7:45 p. m. with singing led by the convention chorister, Rev. Bernie G. Osterhouse of Ellwood City. The scripture reading and short devotions were led by Rev. Joseph Westcott of Sarrucca and Rev. F. W. Wiley of Phillipsburg, followed with prayer.

Several beautiful selections were given by the First Baptist church's splendid senior choir, with John Owens leading. This choir, and the junior choir which had appeared on Wednesday's program, received hearty praise from the convention president, W. Porter Beck of Pittsburgh.

Express Appreciation.

President Beck introduced Dr. Carey Thomas of Altoona, Pa., who presented a resolution of appreciation to the host pastor, Dr. C. H. Heaton, the New Castle churches, institutions, police department, musicians, song leaders, guest speakers and the New Castle News for the many favors given; and arrangements were made for the comfort and well being of the visiting delegates. The resolution was unanimously adopted.

Rev. Ralph Mayberry of Williamsport, newly elected president, announced his appointments to the 1936 standing convention committees and announced that a meeting of the board of managers would take place at the close of the convention in order to outline a few plans for the next convention, in Harrisburg.

Rev. Mayberry continued by reading a resolution praising the splendid work of Dr. Burton C. Barrett, who has served as executive secretary of the Baptist convention during the past four years. Dr. Barrett's resignation is much regretted by the entire state organization, he stated, and California's gain is Pennsylvania's loss. This resolution was given a standing approval by the body and Dr. Barrett was summoned to the platform.

After a few words of farewell he led the group in prayer. Benediction was given by Dr. C. H. Heaton and the convention was adjourned.

Braddock Wants Crack At Louis

(International News Service)

CHICAGO, Oct. 18.—"I don't fear man nor beast."

Thus did Heavyweight Champion Jimmy Braddock, "Cinderella man" of the prize ring, express his views along the line of the heavyweight situation today as he passed through Chicago en route to New York.

He didn't even smile as he went on:

"I hope my next opponent is Joe Louis. I fought all the tough punchers—I know what they're gonna do, so I like them."

ITALIAN STEAMER TAKES FIRE AFTER HOLD EXPLOSION

(Continued From Page One)

members of the crew aboard, when a loud blast was heard below decks.

Bursting Boiler

The explosion was apparently caused by a bursting boiler, which presumably smashed the fire box, starting the fire in the engine room.

A few minutes after the fire, a second explosion in the oil tanks shook the whole ship, scattering burning fuel and sending a volcano of smoke into the sky.

Speculation ashore immediately arose as to the possible seriousness of the fire incident, in view of the tension between Britain and Italy, and the fact that the fire broke out in the harbor of a British protectorate.

But there was absolutely no indication that the fire had been the result of sabotage or incendiarism, and it was pointed out that not even the customs and medical officials had boarded the quarantined ship.

Boyd Is Awarded Verdict For $1,977

Wins Out In Suit Against Administrator Of The Late Ctharlotte Magee

The jury in the case of John Boyd against the Union Trust Company, administrator in the estate of the late Charlotte Magee which was tried at county court before Judge R. L. Hildebrand, brought in a verdict in favor of the plaintiff for $1,977.97.

The case was one in which Boyd, who was a brother of the decedent, claimed that he had an oral agreement with Mrs. Magee under which he was to quit his job at the tin mill and devote his time to looking after her property, collecting rents and making repairs. He claimed that he had looked after the property for four years and 11 months, and that according to the agreement, the estate owed him $4,071.

The defense claimed that it had no knowledge of any such contract as alleged by Boyd, having been made.

ART CLUB VISITS GROVE CITY PLANT

Art club held its opening meeting of the season on Thursday afternoon, October 17, in a most enjoyable manner. Thirty-seven members and guests motored to Grove City for luncheon in one of the campus tea rooms. Mrs. A. P. Treser, president of the Lawrence County Federation of Women's clubs, and Mrs. W. C. Eckenroad, past district chairman of conservation and gardens, state federation, were among the guests.

The president, Mrs. George W. Short, made a brief address of welcome, and a short business session was held at the luncheon table. The party then motored to the Wendell August Forge Co., where Mr. August gave the women a most interesting and instructive talk covering the development and operation of his plant, after which they were deeply interested in an inspection of the plant, and in observing the processes of the work from the raw material to the finished product. An extensive display of the many beautiful articles of hand hammered aluminum was on view, and the party finally left, feeling that the afternoon had been most entertainingly and profitably spent.

From this point the group visited the gardens and conservatory of Dr. Fithian of Grove City, where they viewed many interesting plants, and a beautiful collection of chrysanthemums just coming into bloom.

The commitee on arrangements included Mrs. F. L. Burton, Mrs. Ray Tannehill, Mrs. T. A. Gilkey and Mrs. R. F. Conway, to whom the Art club is indebted for a most enjoyable afternoon.

The next meeting will be held on November 21 at the home of Mrs. John McNeill, where the subject for the afternoon's program will be "Artists of Japan".

Rev. F. E. Stough, of Winter avenue, attended a Lutheran conference in Zelienople, Wednesday.

TALK FEATURES MEET OF JR. WOMAN'S CLUB

An enlightening and inspiring talk on "Interior Decorating" was given by John Emery before the Junior Woman's club members in the home of Helena Burckart on Winter avenue, Thursday evening, when they met in regular session. A short discussion ensued this feature on their program, from which much information was derived.

A business period was conducted during the early part of the evening, in charge of Mary Wilson, president. Items of importance were given consideration, and plans were completed for their next meeting to take place November 7. Miss Helen Lapish of Mt. Jackson, will be hostess on this date, with Marion Campbell and Elma Robinson, presiding. They will each give a description of their western travels, experienced this summer.

CASSEROLE DINNER AT CENTRAL CHURCH

M. class participated, together with two special guests, Mrs. C. B. Wingerd and Mary Elizabeth Jenkins.

Hostesses for the affair were Mrs. Ben Jenkins, Mrs. John Jones and Mrs. J. L. Maxwell, and they supervised the serving of a very appetizing menu throughout which Hallowe'en suggestions prevailed.

In the evening, following the business session, games of the season were played. The next meeting will take place in November, the third Thursday.

Bridge proved an enjoyable pleasure to members of the J. F. F. Club Thursday evening, in the home of Helen Brown, East Reynolds St., when she entertained in a delightful informal manner. At conclusion of play, novel prizes were given to Mrs. Emmett Dagnon and Ethel Donegan for holding top honors. Misses Margaret McGowan and Betty Sullivan, shared as special guests, the latter being the fortunate winner of the hostess gift.

Of further interest, was the shower of hankies tendered Ethel Donegan and Mrs. Emmett Dagnon, both having birthday anniversaries this month.

The evening was concluded with the serving of a delicious collation at the individual tables, which were attractively rearranged and appointed in a color scheme of red and white. The menu, most tasty, was also cleverly carried out in the same theme. Miss Brown was assisted by her mother, Mrs. William Brown, in serving. Plans for their next meeting will be completed at a later date.

SEMINAR GROUP HEARS OF AFRICA

Seminar group of the Woman's club, meeting Wednesday afternoon, with Mrs. E. F. G. Harper of Boyles avenue, was taken on a picturesque journey through Africa, through vivid descriptions by Mrs. A. W. Urmson of some of the country's beauty spots.

She told of Victoria Falls, on the Zambezi river, which is 731 feet high, almost three times as high as our well known Niagara Falls. Speaking of Pharaoh's Tower, she disclosed the fact that this tower was the first lighthouse in existence, having been built 230 years B. C. Mounted pictures were shown by Mrs. Urmson which also added much interest to her talk.

YOU HAVE GOT TO HAVE IT

AN automobile driver needs a lot of supplementary equipment, such as, for instance, a jack, a spare tire, a flashlight and extra tools.

But there is another requirement that cannot be bought at any store—the necessary amount of fortitude to cope with the many trying situations that can arise unexpectedly on the highway. Like this one, as an example:

A homeless wanderer was struck down and killed by a speeding car in Cleveland a few days ago. Police traced the machine and arrested its driver a couple of hours later. They found him in a state of nervous collapse when they arrested him.

"It was so horrible and I was so scared and sick I didn't know what I was doing," he told the officers. "I just got back into the car and drove away. I wouldn't leave a dog lying in the street, let alone a man. But I didn't know what I was doing. I didn't know what I was doing."

It does take nerve and self-control, sometimes, to fight off the first wild impulse of flight when an accident has happened. But a man has simply got to do it. He has got to be prepared to take the consequences of his mistakes.

BUSINESS RESUMPTION

"We've got to get business to take more of a chance," says Peter Grimm, assistant-secretary of the United States Treasury, to an audience of business men.

"Business is still timid. The banks don't want to lend any money unless they're sure they'll get it back next Tuesday in cash. Wherever I've been, there are the same stories about great surpluses in the banks. The money is not all wrapped up; but the solution will certainly mean a loss of timidity and a more willing attitude to take a chance.

"And I know business wants to do this" he added.

No doubt this is true. Government and business have been working at cross-purposes in many ways. The government got into business perhaps too far, at a time when business itself was hardly able to carry on. Business then hesitated to get back because the government was there.

The government lately seems disposed to withdraw as rapidly as it can. Its retreat from private enterprise and the advance of private enterprise itself should proceed together. If this is done in good faith on both sides, there should be a rapid revival.

ANOTHER "SCRAP OF PAPER"

If the League of Nations proposes to hold to strict account the Powers that have broken covenants or treaties, it will have to look beyond Italy. Mussolini's defiance of its authority has been more spectacular than most international transgressions. But here comes Germany with a fresh abrogation of the Versailles Treaty. Perhaps she has been encouraged by the action of Great Britain in condoning her nominally secret rearmament by the recent naval agreement which ignores completely the dictum that members of the League must not act in such matters on their own responsibility.

The re-creation of the German general staff, contrary to the terms of the treaty, has quite naturally followed forgiveness for the previous disregard of its provisions. It leaves no doubt as to the intention of Germany to resume her position as a first-class military Power. The speeches delivered on the occasion emphasize this intention.

In the divided state of opinion in Europe Germany has an unusual opportunity to go ahead. On the question of Italy and Ethiopia she is lying as low as B'rer Possum. Her actions have a studied casualness; but there is no question that they are part of a deliberate scheme. Probably the League can do nothing now, though Germany's resignation has not yet gone into effect; it already has its hands full.

EMPLOYMENT'S RISE

Unemployment statistics have some value, but using them as a basis for appraisal of economic situations has led to unwarranted and misleading deductions. To illustrate:

Last month's summary of the National Industrial Conference Board estimated the number of unemployed at 10,015,000 for July. That was only a decrease of 137,000 from January. By comparison with a year or two ago the figures reflected an even more discouraging outlook when matched against the increased volume of industrial activity. Immediately opinions were voiced that business improvement was proceeding at a rate far in excess of the absorption of workers. The implications drawn from this for the future were anything but cheering.

Revealing the faultiness of the premise was the compilation presented by Secretary of Labor Perkins to the A. F. of L. convention at Atlantic City. Her data concerned not unemployment, but employment. Comparing March, 1933, with March, 1935, the actual numerical increase of workers in the ninety industries covered was 4,400,000. Payrolls in the same period rose from $75,000,000 to $140,000,000. These totals do not tell the whole story for they do not include non-manufacturing industries or public works.

Another factor of no small importance must be added to the sum total of employment betterment. Thousands of employees who have been working on a three or four day week schedule for a couple of years or more have been restored to the five-day week with consequent increase in earnings.

We are still far below the average of 1930 but employment conditions are improving steadily and markedly, contrary to the almost static figure that reference to unemployment statistics alone would indicate.

Flame-Throwers On Hand.

By ARTHUR BRISBANE

LONDON, through **Universal Service**, reports England summarily rejecting the French peace plan for Ethiopia, including a suggestion that British battleships withdraw from the Mediterranean to avoid provocation.

French Prime Minister Laval, willing to go far enough to claim co-operation from England in case of war with Germany, but not willing to start any war for the sake of Ethiopia, is reported much annoyed.

According to **Universal Service** the British cabinet discusses blockading Italian ports.

That step in war will be carefully considered by England. Her islands are not self-supporting; "Blockade" is an ugly word.

H. R. EKINS, Roy Howard's representative in Ethiopia, says the emperor's soldiers plan an unusual proof of "Ethiopian efficiency." The plan is to parade through the street groups of Italian soldiers tortured and mutilated after capture.

From the Ethiopian point of view, such a parade might be effective; it would hardly increase the tender sympathy of Great Britain for Ethiopia's cause.

IN NEW YORK nearly two million voters registered, a new record for an off-year, with no governor or president to be elected, indicating considerable interest in politics.

On which side the interest lies, you will learn next year. Republicans say the big registration is that of citizens eager for a change in government.

Others say it indicates a determination to continue the outpouring of money for relief and made-to-order jobs.

Next year's election will be interesting and somebody will be surprised.

THE REPUBLICAN orators are told not to refer to the United States as "a democracy," because that word "democracy" might make foreign born voters vote Democratic.

There are other better reasons for not applying the word "democracy" to the country just now. It is far from a democracy as anything this side of the Grand Lama, in Tibet.

PICTURES SHOW, in Ethiopia, a regiment of Italian "flame-throwers," covered with fireproof uniforms that protect their bodies from flames thrown against the enemy.

Ethiopian tribesmen who retain their belief in the devil as an active personage, busy on the earth's surface, will contemplate these flame-throwers with consternation. Imagine native spearmen creeping up "savage fashion," as advised by their emperor, to a group of Italian soldiers and met by bursts of flame, from demons dressed in asbestos. Even a fighting man of the Galla tribe, where they eat hippopotamus meat raw, might run from that.

"THEY"

THERE'S A force in this world more terrible than lightning, more persistent than gravitation. It weighs upon all men, it holds them down, nags at them, sneers at them, laughs at them day in and day out.

And that force is "THEY." That force is all the discouragement of the ages, all the doubts, all the fears men have ever known, all the sage pessimism about "the limitations of human nature."

It was never done before? "They" tell you it can NEVER be done.

"They" tell you you aren't big enough.

"They" say you aren't of the right sex.

"They" warn you you haven't enough experience.

"They" decide tha' your personality is all wrong.

"They" say this and "they" say that.

"They" never advise you that you can do what any man can do, or take you by the arm and order you not to be discouraged or lead you aside and tell you good things they have heard about you.

"They" do none of these things because they are the pressure that will not let men rise above the earth.

If you ask this crowd what you should do with your life you will learn nothing but pessimism, receive nothing but grief. For that crowd does not know and that crowd feels only the pressure that holds it down. . . . It has no wings in its spirit.

But if you know one man or woman in the crowd who loves you and would see you happy—if you imitate one dear being out of all the ages who was strong enough to rise above the pressure—if you have ONE idea or ONE ideal that is independent of what the crowd may think—if you have any of these then you are FREE and what "they" say to you does not count at all.

Good Taste

When a simple word will suffice, use it in preference to one more elaborate or complicated. In an effort to display your knowledge, do not waste your time and energy thinking of "flowery" rhetoric to be substituted for everyday correct expressions.

Say: "She lives in a beautiful house," not "She resides in a palatial residence"; "We ate dinner," rather than "We partook of food"; "We went to bed at 10 o'clock" is preferable to "We retired at 10 o'clock."

Such ornate speeches brand one as self-conscious and unnatural. The simpler terms are easier to say and more pleasant to hear. Expressions that are too flowery brand one as an intellectual parvenue.

The World At A Glance

Intrigued Into War.
Facts Given By Lansing.
Excerpts Of Book Presented.

Central Press
New York Bureau

By LESLIE EICHEL
Central Press Staff Writer

NEW YORK, Oct. 18.—One of the greatest arguments for keeping out of European wars is a new book—"War Memoirs of Robert Lansing", Lansing was secretary of state under President Wilson during the World war. It has been said that Lansing was one of the chief counselors to President Wilson to get into the war.

His memoirs bear that out.

A powerful review of this book has been written for The New Republic by C. Hartley Grattan, who wrote "Why We Fought," an examination into the origins of the World war.

Grattan says: "If ever a man confirmed by his own words what his worst enemies have said of him, that man is former Secretary of State Robert Lansing (who died some years ago)."

* * *

QUOTATIONS FROM LANSING

We shall present now the "incriminating" quotations from Lansing's book that Mr. Grattan selected as "evidence":

". . . I saw with apprehension the tide of resentment against Great Britain rising higher and higher in this country. It was becoming increasingly difficult to avoid bringing the controversies between our two governments to a head and to keep from assuming positions which went beyond the field of discussion. I did all that I could to prolong the disputes by preparing, or having prepared, long and detailed replies, and introducing technical and controversial matters in the hope that before the extended interchange of arguments came to an end something would happen to change the current of American public opinion or to make the American people preceive that German absolutism was a menace to their liberties and to democratic institutions everywhere. (Page 112.)"

"While the United States was bound to protest this violation by Great Britain of the established rule in regard to the opening and examining of sealed mail, I confess that it was done half-heartedly as a matter of form and with no intention to force the issue, because the British had strong reason for their course of action. (Page 125.)"

* * *

ADDED "EVIDENCE"

If that were not enough, here is more "evidence" in the form of quotations from the Lansing book:

". . . One of the chief reasons for Mr. Balfour's mission was to impress upon the president and the American government that Great Britain must have ships and money. . . . Great Britain had been compelled from the first to make large loans to her allies. In spite of her great wealth, this constant drain upon her treasury and credit had finally reached a point where further advances were practically out of the question as her own war expenses had increased to an extent that seriously threatened national bankruptcy. Money she must have to continue the war and she must also be relieved in some way from bearing the heavy burden of financing the other Allied Powers. . . . To the United States the Empire turned for relief from this increasing financial burden which had grown to enormous proportions during the war. . . . It was almost pathetic to hear that fine old man appealing to us to come to the rescue of his country in its great need. (Pages 273-274.)"

"Now that we were belligerents, we reaped the reward of the policy, which had been laid down in my memorandum of July 11, 1915, and which had been followed since that time. We adopted many of the measures of which we had complained. (Page 276.)"

This celebrated memorandum (says Mr. Grattan), published for the first time some years ago in Julius W. Pratt's sketch of Lansing, read in part as follows:

". . . Germany must not be permitted to win this war or to break even, though to prevent it this country is forced to take an active part. This ultimate necessity must be constantly in our minds in all our controversies with the belligerents. American public opinion must be prepared for the time, which may come, when we will have to cast aside our neutrality and become one of the champions of democracy."

Mr. Grattan remarks: "Close reexamination of the man on the basis of this book convinces me that he was merely a pompous mediocrity made important by his official position, and made sinister by his prejudices and aspirations."

The World AND THE *Mud Puddles*

THOSE CARDINALS

An Irish lad and a Jew boy are playmates in St. Louis. One day the Jew boy asked his friend if he might go to church with him on Sunday, and the Irish youngster agreed to take him, but told him that he must be quiet and not talk in church. The Jew child had never been inside a Roman Catholic church before; in fact, he had never been inside any church except a Synagogue, and he was very much interested in everything that he saw and heard. When the surpliced choir entered, he whispered to the Irish bay, "Who are they?"

"Sh-sh! don't talk in church. That is the Choir."

The accolades followed and the Jew boy whispered, "Who are they?"

"Sh-sh! You mustn't talk in church. They are the accolades."

In came the Priest in his robes. "Who is that?"

"Sh-sh! You mustn't talk in church. That is the Priest."

Then came the Bishop, still more elaborately clothed. "Who is that?"

"Sh-sh! You mustn't talk in church. That is the Bishop."

Being a great occasion in the Church that Sunday, and inasmuch as the Cardinal was visiting, the Cardinal next entered in gorgeous robes. This quite dazzled the Jew youngster and he again whispered to the Irish boy, "Who is that!"

"I told you, you mustn't talk in church. That is the Cardinal."

Today's Yesterdays—A disgraceful chapter in British history, and one of importance in American history, began. Sir John Hawkins, 32, sailed from Plymouth for Africa as a business partner of Queen Elizabeth and nobles, to engage in the slave trade. He was the first Englishman in the business. He robbed Portugese slave ships and smuggled the captured Africans into Spanish colonies in America, getting high prices from planters.

300 Years Ago Today—Roger Williams, founder of Baptist church in America, went on trial for heresy in Massachusetts Bay colony because he opposed persecution of Quakers. Four years before, to the day, Massachusetts had decreed that suffrage should be limited to church members. He was found guilty and banished and the hanging or whipping of Quakers continued.

ON PRAISING THE WIFE

Should I say: "My dear, to me
You are clever as can be!"
This reply would floor me flat:
"Clever! I am far from that."

As her husband should I boast
Of the way she makes my toast
And her apple pies recall,
She'd say: "I can't cook at all!"

Should I say, a friend to please:
"Strum the old piano keys!"
She would promptly turn and say:
"You know well I cannot play."

Should I say: "Had I my choice
I would rather hear your voice
Than the choristers of spring,"
She'd reply: "I never sing!"

But if, glancing from my book,
I'd remark: "How nice you look!"
That as gospel truth she'd credit,
Saying: "Well, it's time you said it!"

Policeman Assigned To Guard Wisconsin University Campus Wounds Fleeing Man

IS IDENTIFIED AS ASSAILANT

(International News Service)

MADISON, Wis., Oct. 18.—Wayne Taliaferro, a 19-year-old negro, was in a critical condition in a hospital here, shot in the back when he assertedly attempted to attack a University of Wisconsin co-ed.

Walter Thompson, a policeman assigned to guard the campus following two previous attack attempts, was hidden in the chemistery laboratory when he saw Miss Louise Mead, 25, a graduate student, turn down the laboratory path towards the university theatre.

As she approached the building, Thompson said, he saw a man rise from the shrubbery, grab Miss Mead, place a hand over her mouth, and drag her into the bushes.

As Thompson dashed out the door the co-ed screamed and her assailant bolted. The policeman fired two shots at him but was outdistanced in the chase.

A short time later Taliaferro was taken to a hospital with a bullet wound in his back. At the hospital Thompson and the co-ed identified the negro as her attacker.

been kept ever since it was stolen from King Solomon thousands of years ago, has been a sanctuary for fugitives.

Any criminal reaching the "holy city" was safe from pursuit or punishment while he stayed, assuming, probably, that he had money for his expenses.

Italians have made Aksum, "holy city," a base for the operation of the "death's head" airplane squadron and its high explosive bombs, in command of Mussolini's son-in-law.

Adowa is reported to have advised Aksum and other Ethiopian cities to welcome the Italians as "good spenders." Adowa merchants say that since the Italians arrived, they have taken in more real money than they ever saw before.

ENGLAND WARNS its subjects in Addis Ababa to "get out" while getting out is possible, apparently expecting bombardment of Addis Ababa, with incidental destruction of the only railroad.

The surprising fact is that Mussolini's planes have not visited Addis Ababa before now. The Ethiopian emperor will not know what modern war is until bombs bring the information.

THE GOVERNMENT'S AAA allots five million dollars to buy up "surplus potatoes," enabling potato farmers to keep up prices.

No wonder Senator Capper, of Kansas, who knows the farmers, warns his Republican friends not to attack AAA if they expect to take back farmer votes from the Democrats.

To raise or "manufacture" too many potatoes and have the government buy up the surplus, if any, simplifies potato raising.

In many manufacturing districts there are gentlemen engaged in manufacturing "brassieres," "panties" and other essentials, who wish the government would buy their surplus, and keep up prices.

THE ETHIOPIAN emperor has "flung" 470,000 warriors into an effort to retake Adowa, planning to get to the front himself soon, and pronounces sentence of death against that "low creature who betrayed his country for money," meaning his son-in-law, Ras Haile Selassie, who went over to the Italians with 1,500 men.

LONDON'S Central News says:

"Tribal warriors encamped outside the capital, inflamed by a special ration of beer, attacked each other with swords, spears and knives on the eve of leaving for the front."

What would happen if Italians left brandy scattered around? That is what Cyrus did when he captured and killed the son of the African Queen Tomyris.

REPORTS from London that England seriously considers "abandoning her policy of collaboration with France," will bring a smile to Hitler's face.

Verbal, or even written promises to help IF and WHEN are not valuable.

England's alleged statement that she will not withdraw her huge fleet from the Mediterranean until certain that British and Italian friendship are back on a firm basis is like saying to your friend:

"I shall keep my first under your nose until I am sure you really love me."

FROM ADOWA, two tame lions found there in dages are on their way as a present to Mussolini.

Formerly the property of Ras Seyoum, beaten chief of the Tigre province, the lions will have a real chief for owner in Mussolini. The crowd of young Fascisti in Rome will be much interested in those beasts, "first fruits" of the war.

Suspends Sentence On Young Mother

The reported resignation was said to have been due to disagreement with Premier Benito Mussolini, who was pictured as being angry at "the slow Italian advance."

25 TO 28 HELD BEST TIME TO MARRY

(International News Service)

BOSTON—Love at first sight may be pleasant, even thrilling, but it is not practical, sociologists of Boston's newly proposed "marriage clinic," believe.

Neither, they said, is a protracted courtship.

They designated the years of from 25 to 28 as the best itme to begin married life. "Persons under 18 are not by any means under normal circumstances, old enough to undertake marriage," they hold.

The clinic was formed because "there has been a scientific study of business, of law, of medicine and of many other subjects, but the study of marriage and its problems has always been neglected," Dr. Robert C. Drexler said.

For the first quarter of this year $172,657,000 was spent for advertising.

Five Million Visit Forests

Number Will Be Increased When Hunting Season Opens

INCREASE OVER PRECEDING YEAR

HARRISBURG, Oct. 18.—Early estimates from district foresters in Pennsylvania indicate that more than 5,000,000 people have visited the state forests and state forest parks during the present year, Deputy Secretary James F. Bogardus of the Department of Forests and Waters, announced today.

This number will be enlarged appreciably during the remaining months of 1935 when the hunting season opens November 1.

This figure is an increase over the record-breaking number of visitors to Pennsylvania's out-of-door areas during 1934, when 4,500,000 people visited and enjoyed these centers of recreation, which are steadily being developed by the Department of Forests and Waters.

Since 1923, when figures were first compiled on the number of visitors to these areas, the number has jumped from a half million to five million, an increase of four and one-half million in just twelve years.

This marked increase has been steady through this period, as the following figures indicate: 1923, 624,405; 1925, 841,057; 1930, 1,289,347; 1923, 3,484,437; 1934, 4,685,120.

Visitors are classified as follows: visitors to forest parks and monuments, visitors to public camps, permanent campers, temporary campers, visitors to state fire towers, hunters, fishermen and transients.

It is estimated that during 1934 approximately a half million hunters used the commonwealth's "happy hunting" grounds, while almost a similar number of anglers fished the streams on state-owned land.

The Department of Forests and Waters vigilant forest fire protection organization has maintained the state's vast forest lands in such a condition in recent years that many sections of Pennsylvania are today virtually "sportsmen's paradises."

HARRISBURG, Oct. 18. — The Board of Game Commissioners has unanimously decreed that any employe or deputy game protector of the Pennsylvania Game Commission, who desire to seek public office, shall be required to resign his services or commission before entering such competition.

Parent-Teacher Associations

PARENTS MEET TEACHERS

Parents following the class schedules of their children met each of the teachers for a few minutes in the classrooms of Union high school at the Parent-Teachers meeting this week.

The teachers explained the motives and methods used in each course.

The organization voted to join with the school board in the purchasing of a number of new lockers for the physical education department.

Miss Sarah Loudon was chosen as delegate to the District Parent-Teachers association convention to be held in Pittsburgh Oct. 25.

A Hallowe'en party for members of the organization was planned for Oct. 29.

A number of visitors from New Bedford were present at the meeting.

LEAGUE BRANDS THREE NATIONS AS COVENANT BREAKERS

and Albania henceforth be allowed to import quantities equal to their average imports over the last three years.

Expect Approval

If the sanctions council approves the subcommittees plan, as expected, the "deserters will then have only enough of these commodities for their own uses.

This would go a long way towards eliminating Austria as a corridor for shipments from Germany to Italy, although there will be no way to limit purchases in Germany by Austria.

But, if, for instance, Austrian imports of coal from Germany exceed the three-year average, Britain and other sources of coal will immediately cut off their supplies, leaving Austria wholly dependent on Germany.

In taking this action, the economic subcommittee acted on the accusation of foreign commissar Maxim Litvinoff of Russia, who called those nations not participating in sanctions, as voted by the league assembly, violators of the covenant along with Italy.

The vital principle, voted by the full sanctions council, that the "league covenant is the paramount international law for league members was upheld.

France Wins Tactical Victory

While Belgium, Soviet Russia and the Balkan and Little Ententes rushed to join Britain today in approving financial and economic sanctions, France won another tactical victory in delaying until the sanctions co-ordinating committee meets October 29 approval of the ban on Italian exports.

This automatically extended until that date the "ten days' notice" given by Premier Laval of France to Premier Mussolini of Italy to choose between conciliation and a French stand in support of strong anti-Italian action. The original deadline was October 25.

The economic committee, scorning the herculean efforts of Capt. Anthony Eden of Britain, approved "in principle" his demand for a complete boycott of Italian exports, but decided not to apply the boycott until the 29th.

Meanwhile, the league members will be asked their opinion of sanctions, and when they will be ready individually to apply them.

Support From Switzerland

Strong support for financial sanctions came from an important and unexpected quarter, Switzerland, today.

The mountain republic stated it was impossible to discontinue purchases from Italy, due to her own neutrality laws, but promised to refuse to pay for purchases in foreign currencies.

Switzerland, instead, will inaugurate a compensating system wherein imports will balance exports, thus cutting off Italy's hopes of financial aid from Switzerland.

Belgium and the U. S. S. R. sent notes to the league promising immediate enforcement of the arms embargo against Italy, lifting of the ban against Abyssinia, and termination of all financial assistance to Italy, public and private.

KIWANIS "SHOW BOAT" PROGRAM PLEASES CROWD AT CATHEDRAL

(Continued From Page One)

was what is sometimes known as a pip. Serving a prison sentence with dancers like her entertaining wouldn't be too tough at that.

Then the minstrel, the piece de resistance of the evening, set in a court room scene with a squad of policemen acting as the circle and the convicts on the end. In the middle, on the bench was C. W. Herman Hess acting as interlocutor. The police officers Red Williams and Jim Bowman presented solo numbers and did them well. Bowman is new to us but he'll be seen some more around town undoubtedly.

The circle was composed of Jack Thoman, Ambrose H. Casey, Arnold Figuly, Ted Conklin, Dick Evans, W. A. Bowers, Johnny Hensley, Bing Wadlinger, Howard Warnock, H. J. Polly, Henry Grittie, Jack Griffith Jr., Steven Griffith, Dan Huger, Jimmie Hartland, Peter Grittie, Jack Grittie, R. C. McCaslin, Jr., Clement Parker, Thomas Weddell, E. K. Marvin and C. J. Callahan. The Army Lassies who pranced in and out of the line of vision were Betty Kison, Thelma Morgan, Virginia Mitchell, Dorothy Ward, Geraldine Hetrick and Carol Ransome. Then the intermission.

The Olio

Back in the old days anything that came after the minstrel was the olio and that's still good enough for us. A group of boys and girls garbed as Dutch youngsters presented a "May Day in Holland" with Miss Ruth Weir as the Holland Maid.

The next skit was possibly the most humorous of the short sketches put on. Gerald Morris as "The Usher", Mettie Round as the "Wife" and De Lace Cole as the "Husband" presented a "Visit to the Theatre" a comedy skit with a surprise ending. Then a little heart pulling number "Spirit of Kiwanis" with Eileen Murphy as the Poor Kid and Gilbert Long as Mr. Average Kiwanis. Back of them was a chorus of a couple of hundred cute little girls.

The ninth course was "Top Hat" with Amil Lelenko doing a little Fred Astaireing with the song "Top Hat, White Tie and Tails." Back him was a group of eye filling young fillies who had plenty of class and could dance.

Nelly Brady supplied the tenth course and you need no telling that it was good. The Brady dancers are always good for an entertaining half hour or so and their appearance Thursday night was no exception. In eight numbers they represented taps, adagios, rumbas, and interpretative dances. Very very nice.

The eleventh course was a telephone skit, "Long Distance" with Norman Clark, Sylvia Martin and Gilbert Long. Amusing.

Finale Of Show

The twelfth and final course was the finale of the show, "Showboat." Millie Carson as "Topsy", Marie Isolda as "Eva", Clem Parker as the Boat Captain, L. Claude Mantz as the Boss Man and Earl Brown as Uncle Tom were featured in this with a group of dancing girls and a colored chorus of Jubilee Singers adding melody. Harmony trailing off into the distance, a few steamboat lights, a black out and the show was done.

"Showboat" was directed by Bill Martin a New Castle man who is a director for the John B. Rogers Company. Thursday night's presentation was different than anything that has been done but if you like minstrelsy it was what you've been wanting for some time. The show is to be repeated tonight and the net receipts from the two nights and matinee production go for the benefit of underprivileged children.

The musical numbers used Thursday night follow:

Overture—The American Legion Band.

"I'm the Musical Chef"—C. J. Callahan.

"Good Evening Folks"—Johnny Hodge and the Dancing Usherettes.

"Good-Bye to You"—The Whole Gang.

"I Couldn't Believe My Eyes"—Ruth Wilkinson and Harry Powell.

BOY SCOUT Activities

TROOP V-5 ACTIVE

Troop V-5 visited the scout camp on an overnight hike leaving Friday after school and arriving home Saturday at nine o'clock. The program consisted of preparing our beds and getting our evening meal. The rest of the evening was spent in listening to a story told by Mr. Carrol.

Taps were sounded and every one went to bed.

In the morning we cooked our breakfast and proceded to pack. The eleven scouts and two leaders left the cabin neat and clean.

Troop V-5 met in the George Washington High school Monday night for their weekly meeting.

The opening exercises were led by Bob Hunter. Color bearers were Dan Willcock and Steve Cunningham. Floyd Pyle led the Allegiance to the flag. The oath and law were worked in by Don Moore and Bill Ramsey. The remainder of the meeting was devoted to the discussion of the Field Meet. The closing exercises were led by Bob Hunter, Bob Sadler sounded taps and the meeting adjourned.

Scribe Snell.

TROOP 2 IN SESSION

An outdoor meeting was held by members of Troop 2 at Gaston Park recently. The meeting was in charge of the scoutmaster, Kenneth Garrett. Good turns were reported and later a business meeting was held. First aid instructions were given and games were played. Prayer and taps adjourned the meeting.

cals were ousted. It was believed now this financial support would be forthcoming from French and British sources.

From an international standpoint the reconstruction was held to have satisfied no one. Britain was known to be disgruntled at Austria's action at Geneva in siding with Italy on the matter of sanctions.

A few days ago the British minister to Vienna was summoned back to London to report on the situation, and he is due back here Monday.

The situation regarding the restoration of the Hapsburg dynasty remained unchanged. The public hardly knew what was going on. A few days ago Major Fey's third anniversary as minister of the interior was celebrated with a torchlight parade.

Tonight another parade was to be held, this time to celebrate the shake-up in favor of Prince Von Starhemberg. The Heimwehr are making all the arrangements.

Pending new reconstruction steps, Austria's policy will remain unchanged, it was said in high quarters.

GOOD ATTENDANCE AT CLASS MEETING

A splendid attendance of 40 members marked the October gathering of the Willing Workers Class of the Croton M. E. church, which took place Thursday evening, in the home of Mrs. Edward Mitchell, on Neshannock avenue.

After the devotional period led by Mrs. Knox, each member participated in the program by naming and giving reasons for her choice of her favorite Biblical character. Mrs. Alice Patterson was in the chair for the business period, when routine matters were discussed.

Another interesting feature was a description by Mrs. Lillian Blaine, of a trip to Washington, Philadelphia and New York. Jane Mitchell pleased with a selection on the harmonica and Doris Gillett favored the group with two songs. Two new members were welcomed Mrs. Munnell and Mrs. Kincaid and three visitors were present, Mrs. Chambers, who is visiting here from California, Mrs. Knox of Warren, O., and Mrs. Myrtle McBride.

Refreshments were served with the assistance of Mrs. Gladys Sizer. On the third Thursday of November, the next meeting will be held at home of Mrs. Homer Thompson, Croton avenue.

Co-hostesses for the occasion were Misses Margaret Hogue, Claire Smith and Martha Smith, and they directed an informal entertainment of games suitable to the season, Mrs. Ruth Smith winning a prize. A brief business session was in order before refreshments were served.

BELGIAN OFFICERS IN ETHIOPIA BRING PROBLEM

Italy Protests 'Unfriendly Act'

Belgian War Minister Orders Officers To Return To Home Land

OFFICERS REFUSE TO OBEY ORDERS

By H. R. KNICKERBOCKER
International News Service Staff Correspondent
(Copyright, 1935, By International News Service)

ADDIS ABABA, Oct. 18.—A new international complication in the Italo-Ethiopian conflict loomed today as the Belgian officers here desired Emperor Haile Selassie to break off relations with Belgium as a protest against Belgium's attempt to force them to quit their Ethiopian employment.

The Belgian officers declare that the Ethiopian cause is so popular in Belgium that if the emperor made a public gesture, calling attention to the pro-Italian attitude of the Belgian minister of war, the present Belgian ministry would fall.

Belgians involved number 11, headed by Col. Leopold Reul, who is the emperor's technical chief of staff. These officers are now the only foreign military advisors the emperor has.

They compose an "unofficial mission" which replaced the former "official Belgian mission," which has the approval of the Belgian government, but which was recalled when the war began.

Italy Protests

The Belgians were employed personally by the emperor six months ago.

As soon as the news reached Italy, Premier Mussolini protested to the Belgian minister of war, saying that Italy would consider it an unfriendly act if Belgian officers assisted her enemy.

War Minister Albert Deveze thereupon ordered the officers home, acting on his authority over reserve officers.

The officers refused to obey, but today one, Major Van Den Hende, received notice through the Belgian consulate of orders from the minister of foreign affairs severing the relations of the Belgian government with the group.

This attitude, if maintained, means a serious blow to their careers, so the officers resolved to ask the emperor to make the special gesture indicated.

Four Hundred Miners On Strike

(International News Service)

JOHNSTOWN, Pa., Oct. 18.—Echoes of the recently threatened general soft coal strike still rumbled here today as 400 miners of the Cambria Fuel Company at Carpenter Park walked out on strike after failure of union representatives and mine officials to agree on several matters.

Although officials contended the dispute was only over the question of loading "dirty" coal, miners claimed the differences also included deadwork rates and lost time.

The new outbreak came only three days after almost 2,000 miners returned to work following brief strikes in this area.

McNair Forecasts Republican Victory

(International News Service)

PITTSBURGH, Oct. 18.—Mayor William N. McNair painted a black picture for the Democrats today.

After visiting the 1935 Carnegie International Exhibition of Contemporary Paintings, the mayor came to the conclusion the display has a moral which presages a Republican victory this year.

"I'd advise everybody to bet on the Republicans in the coming election in Pittsburgh and Allegheny county," he said, "after seeing this exhibit. The pictures this year are almost conservative, and that means the people are becoming conservative again, because political reactions are shown in paintings, as well as in the ballots."

BEAVER CO. MINERS ARE OUT ON STRIKE

NEW BRIGHTON, Pa., Oct. 18.—While Senator Joseph H. Guffey spoke tonight at a Democratic rally here, and told of his coal bill, more than 100 miners, employed in the Bennett Run district, were out on a strike.

Spokesmen for the miners claimed no wage scales have been signed by the mine owners.

Census men say our population will be stationary in a few years. They probably mean that gasoline will give out.

Swollen veins may become dangerous and often burst. Sufferers are advised to get a two-ounce original bottle of Emerald Oil (full strength) at any pharmacist and start to reduce the veins and bunches at once with this healing oil. A small bottle will last a long time because it is very concentrated and a little goes a very long way. Apply night and morning with a soft brush or finger tips as directed until the swelling is reduced. Refund is guaranteed if not satisfied. So effective is Emerald Oil that it is highly useful in reducing troublesome simple swellings not due to systemic disease.

MINERS ON STRIKE
(International News Service)

NEW BRIGHTON, Pa., Oct. 18.—Senator Joseph F. Guffey's speech on his coal bill at a Democratic rally here did not prevent more than 100 miners employed in the Bennett Run district from going out on strike.

Spokesmen for the miners, most of who were not unionized, said the strike was for an adjustment of the wage scale here.

Negro Is Judge In 'Dred Scott Court'

(International News Service)

ST. LOUIS.—A negro justice of the peace, Frank L. Bledsoe, sits in his court in the Old St. Louis courthouse here within a few feet from where that famous member of his race, Dred Scott, was adjudged a chattel in an epochal case.

Justice of the Peace Bledsoe is proud of the advance his race has made since the slave was declared to have no rights in court.

The Old Court House was the scene of the trial of Dred Scott which went to the supreme court and resulted in a decision that had much to do with bringing on the Civil war.

Dr. Franklin Is Heard Thursday

National President Of Northern Baptist Association Speaks At Convention

POWERFUL SERMON GIVEN AUDIENCE

Missions and evangelism occupied the major portion of the afternoon session of the Pennsylvania Baptist convention in the First Baptist church on Thursday, with Dr. J. H. Franklin, national president of the Northern Baptist Association, as the chief speaker.

The session opened with a song service directed by Rev. Bernie G. Osterhouse and the scripture by Rev. Kenneth F. Estey, of Knoxville church, Pittsburgh. The prayer was delivered by Rev. W. D. Golightly, of Immanuel church, Scranton.

At 2 o'clock the third conference and discussion of the convention took place with three speakers taking part. Rev. W. R. Taylor who saw much service in East China, spoke on his work there. Miss Ester Palacios, a Puerto Rican missionary, spoke of the work of the church on the islands and Rev. Angelo di Domenica, pastor of the Italian church and community house of Philadelphia, spoke on "A City Mission Field."

Dr. J. H. Franklin

The sermon of Dr. Franklin was a powerful one. It was doctrinally sound, a call to individual reawakening in the spiritual world, a sermon that was easily the high spot of the convention. Dr. Franklin is the president of Crozier Theological Seminary in Chester, Pa. His subject was "Our Father, Thy Reign Begin." In it he stressed the need of individual responsibility for the advancement of the church, a reminder that the Kingdom of God is not the Kingdom of Man.

An offering followed and the reports of the commissions on social service, cities, town and country, enrollment and credentials, and resolutions were heard. Rev. Stephen Revak, pastor of the Hungarian Baptist church, dismissed the session with the benediction.

Says Wage Raise In Steel Industry Will Hurt Business

(International News Service)

PITTSBURGH, Oct. 18.—Following the ever-increasing agitation of steel workers for higher wages, Ernest T. Weir, chairman of the National Steel Corporation, had warned in a public statement today that "a raise would have to be passed on in higher prices, and certainly couldn't help business."

Declaring that men wanted more money in their pay envelopes rather than more cents per hour, Weir indicated this could only be brought about by a general business pickup.

Blaming a "paternalistic government" as the direct cause for business stagnacy, he said the steel industry was suffering from a lack of confidence "justified because of the political situation."

"Business can't go forward until that confidence is present," Weir asserted.

Environment makes success. Einstein would be the village joke in a region that still believes the sun stood still for Joshua.

Union High School News

(SPONSORED BY ART CLUB)

U-HI NEWS OUT SOON

The U-Hi News will be published next week by the Palette club. The paper, which will be the first edition this year, will be printed on a new mimeograph machine and is expected to do the new machine justice.

KEEKING SCHOOL CLEAN

"One half the school looks after the other half," is an unpoetic but efficient way of explaining how Union high school is kept so neat and clean. Many persons were appointed to remove paper and such from the rooms throughout the building. Thus the school is always ready for visitors.

STUDY EVEN AT LUNCH

The student body makes good use at lunch time of the study halls provided for their use on each floor. Teachers preside over the halls and study rooms.

DR. BENNETT SPEAKER

Dr. G. S. Bennett, from the First Christian church, gave an interesting talk Thursday, October 3, on "The Need of the World Today".

PEP MEETING HELD

A pep meeting was held Friday afternoon, October 11, to stir up the school spirit for the football game with Bessemer held that day.

The program was in charge of Howard Cochran, who with his assistant, Wilson Murry, led the school members in many rousing cheers.

Speeches were made by Coach Boyd and his assistant, Coach Jay Rudolph.

CAFETERIA IS POPULAR

Union cafeteria had the pleasure of serving a number of visitors on Homecoming day Friday, October 11. Many students are lunching at the cafeteria this year.

GIRL RESERVES MEET

At the meeting of October 9, recognition services were held and all new members recognized.

A business meeting was held October 16. Sara Paulini, chairman of the program committee, explained and demonstrated our new program booklets. These booklets contain the names of all advisers, G. R. code, G. R. cabinet and officers, the song "Follow the Gleam" and programs to be given throughout the entire year.

TAKE UP SUGGESTION

The administration of Union high school is assuming the responsibility suggested by Senator Royal S. Copeland, chairman of the United States senate committee on crime; namely, character and good citizenship.

We are of the opinion that the traits that make up a good citizen are more important to the individual, school, community and nation than facts learned.

The main objectives that the administrator must keep in mind when making up the curricula for the school are (1) having it meet state and college requirements, and (2) adjusting it to the local conditions.

The entire personnel of Union township is dealing with its problems with the hope that it is contributing to the possibility of making the student a good citizen.

THE PALETTE CLUB

The Palette club held its regular meeting Wednesday, October 16, with President Duncan in charge. At the last of the meeting Mr. Williams introduced and displayed to the club some felt palettes and other emblems in felt. Later the club adopted green and black as the club's colors. Those in the club who want a felt palette will be able to have one at an early date.

The school board has purchased for the school a mimeograph machine, which will be used in putting out the first U-Hi newspaper. After this announcement the meeting came to a close.

LIBRARY CLUB BUSY

The Library club is busy repairing and rearranging the books in the library. Rules for the use of the library have been posted and the card catalogue is being revised.

At the weekly meetings of the club, roll call is answered by naming an author and the title of one of his books.

ORCHESTRAS

Four members of the Union high school orchestra will participate in the all-high school orchestra of the mid-western district of the Pennsylvania School Band and Orchestra association, which will play at the convention which is to be held at the Cathedral on October 25. Chester Gierlach, Marsh Miller, Robert McKinney and Dorothy Abbott are the students who will represent Union high. The orchestra will be composed of at least 100 players, chosen from the high schools of the five counties which make up the mid-western district of the Pennsylvania State Education association.

A junior orchestra and junior band, each with a membership of about 15, have been organized by Mr. Duff, and each meets once a week. These organizations are made up of instrumental students of little experience, who in this way get their first practice in ensemble playing.

The Union high band is not playing at many football games this year for the reason that such a large percentage of the experienced players are on the football squad.

"It's what we all want—quality at a saving!"

SAYS MRS. K. J. TOBIN, OF BEVERLY HILLS, ILL.

New Low Prices on Calumet . . .

the double-acting baking powder!

"I'VE NEVER had a baking failure with Calumet," Mrs. Tobin adds.

"Calumet would be a real bargain at almost any price—but now that it's selling for the lowest prices in its history, it's quality that every woman can afford!"

And judging by the expectant faces of Richard and Patricia, Mrs. Tobin is not the only member of her family who knows how delicious Calumet cakes always are!

WHY DOES CALUMET give such astonishing "baking luck"? Why do you have to use only one level teaspoonful of Calumet to a cup of sifted flour in most recipes? Why is Calumet different from other baking powders?

It's because of the way Calumet combines two distinct leavening actions. A quick action for the mixing bowl—set free by liquid. A slower action for the oven—set free by heat.

Calumet's double action is so perfectly *balanced* and *controlled* that it produces perfect leavening.

Calumet Baking Powder is a product of General Foods.

MRS. TOBIN'S Calumet Caramel Cake makes any day a party day for her youngsters. And Mr. Tobin appreciates the new Easy-Off Top of the Calumet can. "Easy to pay for and easy to open," is the way he describes Calumet.

MRS. TOBIN'S CALUMET CARAMEL CAKE

(3 eggs)

2 cups sifted Swans Down Cake Flour
2 teaspoons Calumet Baking Powder
½ teaspoon salt
⅔ cup butter or other shortening
1 cup sugar
3 eggs, well beaten
6 tablespoons milk
1 teaspoon vanilla

Sift flour once, measure, add baking powder and salt, and sift together 3 times. Cream butter thoroughly, add sugar gradually, and cream together until light and fluffy. Add eggs and beat well. Add flour, alternately with milk, a small amount at a time. Beat after each addition until smooth; add flavoring. Bake in 2 greased 9-inch layer pans in moderate oven (375° F.) 25 minutes, or until done. Spread caramel frosting between layers and on top and sides of cake. Double recipe to make three 10-inch layers. Sprinkle chopped nuts on sides, if desired.

(*All measurements are level*)

AND LOOK AT THE NEW CAN! *A simple twist . . . and the Easy-Off Top lifts off. No delay, no spilling, no broken finger-nails!*

New! Big 10¢ Can!

Calumet, the Double-Acting Baking Powder, is now selling at the lowest prices ever . . . The new size Can is yours for a dime! And the regular price of the Full-Pound Can is now only 25c.

Missouri Mule Does A Comeback

(International News Service)

ST. LOUIS, Oct. 18.—The famous Missouri mule, almost obliterated by the machine age, is coming into its own soon again.

Before the tractor invaded the farms, the Missouri mule was monarch of the domestic animal kingdom. There was nothing but praise for the animal's ability to pull a plow from 8 to 10 hours daily. The demand for him spread to foreign lands and many a boatload went across the Atlantic.

Now the mule is entering a new era, with increased demand on the farms.

The present war between Italy and Ethiopia is likely to restore the mule's importance. For years mules have been shipped to Germany, Spain and Italy. Now, Italy has discovered that the mule, as a beast of burden over the rough terrain, such as in Ethiopia, is unexcelled and has become America's best customer, and is buying the animals heavily abroad.

Mule dealers anticipate a sharp increase in orders here from Italy.

This is a free country now, and nobody can tell you how to act and what to think, unless you're a school teacher.

"Tallest Peak" Loses Laurels

LEADVILLE, Colo., Oct. 18.—Towering Mount Elbert has displaced its neighboring peak, Mount Massive, in the records as "Colorado's highest mountain." In 1906 the United States Geological survey said the tip of Mount Massive was 14,424 feet above sea level, and Mount Elbert, 14,421 feet. More thorough surveys, after nearly 30 years of dispute as to which was the highest, gave Mount Elbert an altitude of 14,430 feet and Mount Massive 14,419 feet.

Colorado has more of the tallest peaks than any other state.

U. S. Petroleum Industry May Sell Italy Oil

O... U. S. Intervention Can Prevent Sale, Says Official

LEAGUE SANCTIONS NOT EFFECTIVE

(International News Service)

NEW YORK, Oct. 18.—The American Petroleum industry will have nothing to do with league of nations sanctions against Italy.

Italy may buy all the American oil she can pay for and only intervention by the U. S. government can prevent this.

These were the views expressed today by one of the nation's oil leaders, who asked that neither he nor his company be quoted.

He said he knew nothing of reports that emissaries acting for the league had sounded out American companies wth a view to securing their participation in an economic blockade of Italy. His company which is the dominant factor in the international petroleum picture, has not been approached, he insisted.

He emphasized that oil was a commerci product, like sugar, wheat or coffee, and that it was the business of his company to sell wherever it could. There was an exception, of course, he added, in cases of commercial risk, as Italy, as all knew had weakened her credit standing due to the enormous expenses in the Ethiopian venture. Cash was being demanded in sale to Italy by his company as well as others, he stated.

Turkey Seeking Watch That Saved Life Of Dictator

(International News Service)

ISTANBUL.—Turkey is looking for a watch which during the Great War saved the life of Kemal Ataturk from a bullet fired by a British soldier.

While Kemal Ataturk (or Mustapha Kemal, as he was then called) was commanding the Turkish troops at Tchanak, a bullet fired by a British soldier flattened itself against the watch which the Turkish general was wearing in his breast pocket, thereby saving his life.

The German general, Liman von Sanders, who was present at the time, asked if he might keep the watch as a souvenir. Kemal Ataturk consented.

General Liman von Sanders having died four years ago, the Turkish Society for Historical Research tried to recover the historic watch. But the general's widow informed the society that she did not know what had happened to the "souvenir."

In the hopes of tracing the historic watch, the society is now offering a large reward to whoever returns it or gives information as to where it may be found.

Cattle Rustlers Active In South

(International News Service)

MEMPHIS, Tenn.—Cattle rustlers, operating 20th century style, are causing thousands of dollars in losses to farmers in nearby sections of Tennessee and Arkansas.

Unlike cattle thieves of old, the modern bandits use light trucks. Instead of trying to sell the stolen animals on the hoof, they slaughter and skin them, making identification impossible. The meat is sold direct to retail butchers.

Recently deputy sheriffs caught two of the thieves in the business section in a coupe in which they had a heifer carcass weighing 500 pounds.

Genevans To Go To Homecoming

Lawrence County To Send Delegation To College Event On October 26

Lawrence County Genevans are planning to join the thousand and more of their fellow alumni in the Beaver Valley and beyond at the annual Homecoming events of the season at their Alma Mater, the 26th of this month.

A preliminary pep meeting is scheduled in the William Pollock Johnston Gymnasium on the college campus, the evening of the 25th. This meeting is to be under the auspices of the present day student body, to be addressed by veteran gridiron alumni, enlivened with music by the college band and tapered off with a bonfire and free "eats."

AMAZING NEW 2-WAY PILE TREATMENT GETS RESULTS

Because it goes below the surface of the trouble. Of course you **should** treat the surface. But first remove the **cause** of piles—constipation—by loosening and regulating clogged bowels with non-irritating GOLDEN-LAX TABLETS. GOLDEN-LAX TABLETS are a gentle, yet thorough-acting tonic laxative. **They** form no injurious habits. **Then** you are ready to take care of the surface. Apply soothing SAN-CURA OINTMENT to the irritated area itself. SAN-CURA stops the stinging and itching instantly, and allows healthy mending to set in at once. Do not suffer any longer. MY NEW YORK

By JAS. ASWELL

NEW YORK, Oct. 18.—This is the period when you are quite likely to see a cowboy in chaps riding a mustang down Park avenue at 3 o'clock in the morning. It is unnecessary to consult your doctor or report to the psychiatric ward of Bellevue. The Rodeo is in town.

I happened into one of the more obscure converted speakeasies of the Hell's Kitchen district the other night, and there found several sun-tanned steer-wrestlers bending elbows and otherwise relaxing after a hard night in the sawdust arena.

The one named Bill was giving his opinion of the Manhattan of 1935.

"This town ain't what it used to be. The girls is so skittish here now a fellow can't meet up with them at all. All this war talk has got them running around with soldiers and sailors again. They don't keer much for us boys from the range no more."

I risked a question.

"Where, in the West, are you from? Montana? Wyoming?"

"Oh, I ain't from those parts, pardner. I'm from East Orange, New Jersey. I jined up with the Rodeo (he pronounced it ro'de-o) when I seen an ad in the paper askin' for bronco busters. I was a steamfitter and this ridin' looked easy. I caught on after a month."

"But you don't talk like a native of New Jersey. You have a tang—it convinces me it's a western accent, even though it may not be exactly right for the plains."

"I picked that up, same as the ridin'. You got to have both in this business."

* * *

But I don't wish to convey the impression that the Rodeo's personnel is made up of ringers from Rahway and Staten Island, who never attended a roundup, first or last. For the most part they are authentic characters, and the burr in their voices is as real as the technique they employ for getting over the horns of a wild steer.

Indeed, the Rodeo is about the most authentic spectacle on view in town. The smell is convincing and so are the bandages over sprained ligaments and, quite often, broken bones. High wire walkers and trapezists have less difficulty getting insurance than principals in the wild horse taming contest.

Moreover, I am told that the animals used in the Rodeo don't grow tame with being ridden. Not, anyhow, up to a certain point. For the first week or two, if they are untamed to start with, they grow more unpredictable and malicious. Once an unbroken horse has thrown its rider, the next cowboy has an even harder time of it.

Which perhaps may point a moral when it is remembered that the cowboys favor showgirls as companions in their off moments. The chorus lassies are not immune, either, to the charms of the horsey lads.

'They're so persistent," a little lady in the front line at the Paradise Cabaret explained when I asked why she went pitter-patter every time the Rodeo comes to town.

CHIT-CHAT

Harlem is making a lusty bid for a cut into the new night club money that's fluttering now. . . . Louis Armstrong, the brown baton-waver, is rehearsing late at the Connie's Inn of old uptown hotcha memory. . . . Ina Ray Hutton, whose all-gal band has been bouncing about the country, is about town now muttering movie contracts and confiding that most of her melodears sport fraternity pins since an engagement in New Haven.

Colonel Bill Schauffler, first American aviator to fly over the German lines in 1917, is now a big-game fisherman, and has had a costly boom and tackle rigged at the Manasquan River Yatch Basin, to handle big fish he hopes to catch. . . . It hasn't been used yet. . . . Mrs. Paul Rittenhouse, new Girl Scouts head, is considered one of the few really competent women economists who could step into any of the larger banks and run it at a moment's notice. . . . Individual selection as the most energetic and imaginative of current movie producers—Alexander Korda.

COLORS IN HOME SHAPE PERSONALITY

(International News Service)

PITTSBURGH, Oct. 18.—Some cool autumnal nights when you feel the urge to do things up in a big way, such as cutting out paper dolls, Le Roi Scarlett, color psychologist, here to present plays and lectures, advises that you blame it on the color of your wall paper and not on the moon.

"Color is the essence of nature," he said. "The colors which dominate the home tend to shape personality."

Pointing out that hospitals have recognized the importance of this infant science, color psychology, Scarlett asserted that "psychiatrists are employing this new knowledge to treat serious mental cases."

Seeks To Curb Romance Among Aged Jobless

(International News Service)

WINDSOR, Ont., Oct. 18.—J. A. McKeon, himself 82, today set out as chairman of the Mothers' Allowance board here to curb romance among jobless septugenarians.

He cited two cases of men, one aged 74, and the other 73, who applied and obtained old age pensions when they were 70 and then married young women.

He said septugenarian No. 1 has since become the father of four children, and in addition to his $20 a month old age pension receives $30 a month as his wife's mother allowance. Septugenarian No. 2 has three children and receives an extra $25 a month, he added.

"I'm afraid it's becoming a racket," bemoaned McKeon, "I wish the boys would behave themselves."

PRACTICAL EDUCATION BEING ADVOCATED

(International News Service)

PHILADELPHIA, Oct. 18.—A proposal for the erection of three additional vocational schools here instead of high schools is before the Philadelphia board of education for consideration.

The recommendation was made to the board by its committee on educational policy. It represents a long forward step in the matter of "practical" education, according to the committee, and the new schools could be erected with the aid of federal funds recently made available.

RHEUMATIC PAINS

Gone For 7 Months

MR. S. L. LIPSCOMB, Fredericksburg, Pa., says: "Those awful rheumatic pains haven't bothered me since I took Indo-Vin over 7 months ago. My arms and knees seemed to be full of this affliction and Indo-Vin was the first medicine that had any effect on me. It worked the misery out of my whole body. I can walk without limping and the pains have entirely disappeared." Eckerd's drug store is selling Indo-Vin, here in New Castle at all leading druggists.

Baptists Have Two Banquets On Final Day

Men Meet Last Evening At First Presbyterian; Women At First M. E.

Two of the big features of the Pennsylvania Baptist convention on Thursday, its closing day, were the banquets in the First Presbyterian and First M. E. churches from 5:30 to 7:30 p. m.

The Baptist men gathered in the First Presbyterian church, while the women met in the other. Both programs were most interesting.

Two hundred men heard Dr. J. H. Franklin, president of the Northern Baptist convention, in a short address on "Unethically Prepared, Morally Unfit." A few words were given by the officers of the Men's Council. Rev. Ralph L. Mayberry, newly elected president of the Pennsylvania Baptist convention, and Dr. H. C. Heaton, pastor of the First Baptist church, and program chairman of the convention, were among the speakers. Singing was led by Rev. F. W. Wiley, of Phillipsburg.

The women's banquet was attended by 150. Mrs. W. Porter Beck, wife of the retiring president of the Pennsylvania Baptist convention, was the toastmistress. Speakers were Mrs. George G. Erdman, of Colmar, president of the Woman's Baptist Mission Society of Pennsylvania, and Miss Ester Palacios, missionary to Puerto Rico. The dinner arrangements had been made by Mrs. Dallas Hildebrand, Mrs. J. A. Porte and Mrs. Charles T. Metzler.

Mussolini Reviews 5,000 Rome Police

(Copyright, 1935, By International News Service)

ROME, Oct. 18.—Premier Benito Mussolini today reviewed 5,000 of Rome's 10,000 metropolitan police in a spectacular march past at the Villa Glori race track.

It was the tenth anniversary of the foundation of Il Duce's famous public safety corps, and it gave any internal enemies of the fascist regime plenty of food for thought.

Premier Mussolini reviewed the police seated on horseback.

What is TUNG OIL?
(Chinawood Oil)

In Old China the Tung Trees Grow
● Bearing nuts resembling our black walnut. For centuries picturesque natives have gathered Tung nuts.

The Nuts Contain the Precious Oil
● They are cracked and crushed by hand. Wedging through crude presses extracts their oily juice.

To the Market on Backs of Coolies
● In handmade paper-lined baskets suspended from long bamboo poles, the oil reaches inland markets.

Then—Shanghai, Hankow—America!
● Down the long Chinese rivers to seaports, in primitive boats, themselves waterproofed with Tung Oil.

Youth, Born In Last War's Wake Giving Trouble

Young Folks Most Serious Social Problem In British Isles At Present

LARGE NUMBER ARE IN CRIMINAL CLASS

By NEWELL ROGERS
International News Service Staff Correspondent
World Copyright 1935 I. N. S.

LONDON, Oct. 18—Britain is face to face today with one of the gravest social problems in the life of the nation—how to save her children.

Forty-three per cent of that convictions for indictable offenses in English and Welsh courts in 1933—the last year for which figures are available—were of persons under 21, those children of war and post war travail.

More cases of brutality and neglect of children were reported in this country last year than at any time in 20 years. The National Society for the Prevention of Cruelty to Children reported 44,836 cases involving 109,471 children.

Almost daily in police courts of the land, shocking cases of juvenile delinquency or of adult brutality to children are recorded. There has been an alarming increase in the number of these.

The economic depression—with its attendant chain of misery, want, sordid and shattered homes, undernourishment, lack of discipline—and the instability of both parents and children arising out of the strain of the war years: these are two principal sides of the complicated problem which must be met and mastered here if social decay and demoralization among the new generation are to be halted in this country, long a leader of the world.

Eight out every thousand boys in England and Wales between the ages of 14 and 16 were convicted of criminal acts during 1933, it is shown by official figures just made public in a government Blue Book here.

The number of persons found guilty of indictable offenses in England and Wales during the year was 62,660.

Twenty-three per cent of this number were under the age of 16, and 20 per cent were between the ages of 16 and 21.

Women and girls naturally were led less frequently to criminal ways than men and boys. Male offenders were eight times more numerous than female lawbreakers. The report says:

"As regards males, the proportion of offenders is three or four times higher among boys and youths under 21 than among men of 30 or over."

The reports points out, however, that many youthful offenses are of a petty nature such as "the theft of a bottle of ginger beer" which has in the statistics "the same numerical value as the robbery of a jeweler's shop."

Comparing the 1933 figures with those of 1932, strong ground is found for believing that crime increases in exact inverse ratio to the depth of economic depression.

As Britain registered its first gains of recovery in 1933, the total number of persons convicted of crime this year decreased from the 1932, total by 2,298, after a continual increase from 1929 to 1932.

But the cheer that England gains in discovery this decrease in the tide of crime is damped when the figures for 1933 are compared with 1932.

There were 9,338 or 18 per cent more convictions in 1933 than in 1929—indicating that this country has a long way to go before it becomes the law-abiding realm of six years ago.

Out of every 100,000 English and Welsh lads under 14 in 1933, 615 were branded as criminals in the courts. The ratio for girls under 14 was 38 out of every 100,000.

Between 14 and 16, the ratio for boys was 807 out of every 100,000 and for girls 63. This figure for boys is the largest ratio out of any age group.

Above 30—the persons born before the Great War—the number of criminals decreased abruptly the total for all ages above 30 being only 171 males and 33 females per 100,000 of population respectively.

Not an alarming ratio nor is that for the total of all ages—337 males and 43 females per 100,000 respectively.

It is only the offenders against society under the age of 21 that are causing anxiety in English minds for Britain's future as a strong and ordered nation. Hence the feverish efforts of Britain's leaders to stave off another European war that might arise from Mussolini's colonial aspirations. The problem of the young people has brought the haunting spectre of the last war before all.

Criminologists To Meet At Harrisburg

Nations Leading Police Experts To Discuss Crime Prevention In State

(International News Service)

HARRISBURG—Some of the nation's leading criminologists and police experts will participate in Pennsylvania's crimes conference when the meeting is called at Harrisburg, probably early in January.

Detailed preparations for the conference, authorized by the 1935 legislature, will be brought near completion immediately following the November 5 election, according to Attorney General Charles J. Margiotti.

The attorney general, armed with a $2,000 appropriation from the legislature, is in charge of arrangements for the conference on methods of detection and prevention of crime.

"We expect to have, in addition to our own state representatives, a number of the nation's leading criminologists to participate in discussions at the conference," Margiotti said. "The meeting will be entirely non-partisan."

Margiotti said he thought the conference date would be fixed for some time "shortly after the first of the year."

Outstanding among the delegates to the conference will be Pennsylvania's own state police, ranking high among the enforcement systems of the country.

Orders Return Of Canal Route

Margiotti Rules Sale To Lehigh Coal And Navigation Company Illegal

(International News Service)

HARRISBURG, Oct. 18—Holding the transaction was unconstitutional, Attorney General Charles J. Margiotti today ordered the return to the Lehigh Coal & Navigation Company of a 40 mile section of the old Deleware Canal, deeded to the state in 1931.

In a formal opinion addressed to Secretary of Forests and Waters Thomas C. Buchanan, Margiotti charged the deed was fraudulently executed "saddle the state with the unprofitable portion of the canal" linking Easton and Bristol.

If the company refuses to resume all obligations for maintenance of the center stretch, Margiotti held, the entire waterway will revert to the commonwealth. He instructed Buchanan and Secretary of Highways Warren Van Dyke to so warn the navigation company.

Youth Speaks To Citizens

(This is the second of a series of articles relating to the Character Chest drive opening October 20)

Why does the Y. W. C. A. need $9,500.00?

It costs $15,500 to serve the 3,935 women and girls enrolled in Y. W. C. A. membership and service groups. $6,000 of this can be estimated as receipts from stores, dormitory rent and membership dues. $9,500 or $2.40 for each of the 3,935 women and girls is needed from the community. Nearly all service in the Y. W. C. A. is free because the association wishes to open its activities to every woman and girl of whatever age, race or color. It expects that those who enjoy its fellowship will subscribe as they are able to this chest which assumes the burden of support.

Girls and young women of today are under a strain we of the older generation did not have to bear. There was some chance of a job when we got out of high school or college. Many of the girls who are in Y. W. C. A. clubs have been waiting four years for a job of any kind. There are 406 adult members in the three industrial clubs, three business girls clubs, two foreign mothers clubs and four colored girls clubs, affording friendship, recreation and a better understanding of life to all.

There are 693 high school and junior high school Girl Reserves in six organized clubs at George Washington, senior high, Ben Franklin, Union, Mahoningtown and Elm street center. Each club is developing members who are better citizens from the work and play they do together.

Classes also are free. The teachers either donate their services or are paid by the government. There were 635 girls in shorthand, home economics, music, handcraft, recreation, English and citizenship classes last year.

The Elm street branch for colored women and girls is the only place of recreation and fellowship, other than the churches, for New Castle colored people. Besides the clubs for young married women, post graduates and high school girls, there is a weekly clinic for well babies in co-operation with the T. B. nurse and a colored doctor.

Service features of Y. W. C. A. work include 76 travelers aid cases; 677 foreign community clients; 198 dormitory guests and 257 jobs found for 1,074 applicants.

All in all, there are 3,935 women and girls in this Christian fellowship which is trying "to share Jesus love for all people".

QUEER CO-INCIDENCE AT CLEARING HOUSE

(International News Service)

HARRISBURG, Pa.—First clearing house teller: "Central Trust presents checks on other banks for $18,822.68." Second clearing house teller: "All other banks combined have checks on Central Trust for $18,822.68." That conversation—or something like it—occurred in the Harrisburg Clearing House offices. Never before in the history of the American Bankers Association has there been recorded an example of a bank's checks on other banks equalling down the last penny the amount of its own checks cashed by other banks in a single day.

British Ready For Border Dash

Two Motorized Regiments In Egypt May Go To Libyan Border

BRITISH PREPARE FOR POSSIBILITIES

By E. P. LOVEGROVE
International News Service Staff Correspondent

CAIRO, Oct. 18.—Two British motorized regiments, the Seventh and Eighth Hussars, were under orders today to make ready for a dash to the border of Italian Libya, where 57,000 Italian troops are understood to face new British-directed Egyptian defense works along the Cyrenaica frontier, potential battleground of the economic and financial war Britain is waging on Italy bursts into armed action.

With one British regiment, the famous Seaforth Highlanders, already at Siwa, reinforcing Egyptian infantry and cavalry, and British warships constantly maneuvering off the Suez Canal, it was reported the Egyptian army would be increased by one infantry and one cavalry battalion, and there would be no demobilizations this year.

Other troops concentrations are reported in the Anglo-Egyptian Sudan and Kenya colony, adjoining Ethiopia, and the borders of British Somaliland have been closed.

On the Egypto-Libyan frontier, Egyptian troops, supplied with up-to-date armaments by the British, are digging trenches and throwing up barbed wire defenses.

Headquarters have been established at Mersa Matruh, in the northwest, over which all private or commercial planes have been forbidden to fly since October 15.

A potential source of conflict looms in a move to suspend temporarily "capitulations," which exempt foreigners from the jurisdiction of Egyptian courts, so that martial law might be imposed.

This question bristles with difficulties, because of the estimated population of 80,000 Italians, who have large commercial interests here.

Officers Reserve Meets Thursday

Lieutenant Guy Miller Is Heard On Ethiopian Situation Thursday

In highly interesting fashion Lieutenant Guy Miller, military intelligence reserve officer, discussed the Ethiopian situation before the meeting of the Officers Reserve Thursday night in the rooms of the reserve corps in the Federal building.

After laying the historical and geographical background of the present trouble, Lieutenant Miller branched out into the reasons for Great Britain's siding with Ethiopia. "Great Britain has no love for Ethiopia, as she is a bad neighbor to the present British African colonies," said Lieutenant Miller. "Her reasons for siding with Ethiopia are three-fold: first, Italian domination of Ethiopia would be a pistol at the weakest part of Britain's possessions; second, Italian control of Ethiopia would threaten the Lake Tsana region, the headwaters of the Blue Nile; third, Britain fears Mussolini has a Napoleon complex and believes it would be better to stop him before he gets well started."

In the event of general hostilities the United States would be faced with some grave questions, Miller declared. Whether to furnish war materials impartially to both belligerents, or whether to embargo both, will arise. Furnishing war materials would probably cause trouble in this country, while the second could mean the loss of foreign markets and a deepening of the depression, he said.

The address was well received by the reserve officers. Major Culp of the 99th division was a special guests, while many officers from Mercer, Butler and Beaver counties were present.

Senator Clark Asks New Trial

Convicted Chester County Republican Asks For New Trial

(International News Service)

HARRISBURG, Oct. 18.—State Senator William H. Clark, Chester Republican, today asked for a new trial from his conviction on charges of attempted extortion and malfeasance in office on the ground that one of the jurors was prejudiced against him before the trial.

The motion for a new trial was supported by two affidavits in which Juror William C. Banks is charged with asserting that if he was selected for the Clark jury "that boy is sure guilty." Fifty reasons for a new trial were listed, including the charge of prejudice.

Most important of the other reasons was the allegation that the court erred in permitting the jury to hear the six "speak-o-phone" records of a conversation between Clark and Attorney General Charles J. Margiotti and Secretary of Revenue Harry Kalodner on June 18. It was during this conversation that Clark offered to use his influence to obtain passage of appropriation bills in return for state insurance or patronage. The petition also said the court erred in permitting the jurors to have printed copies of the conversation which was reproduced.

Affidavits Filed.

The affidavits accusing Banks were made by William Kuchinsky and Robert Fulton, both of Harrisburg, and are dated Oct. 7 and Oct. 12 respectively.

Kuchinsky's affidavit says he heard Banks assert in a restaurant on Sept. 9 that:

"If I am on that Clark jury that ——— is guilty."

Fulton's affidavit avers he heard Banks assert on the same day that:

"If I am picked for the Clark case that boy is sure guilty."

The other reasons cited by Clark were largely technical matters of trial routine. No date has been set for arguments on the motion.

Child Awarded To Custody Of Father

Anna Mae Peachock Picked Up On Youngstown Streets By Mother And Brought Here

Custody of his daughter, Anna Mae Peachock, was awarded to her father, John Peachock, of Youngstown, O., by Judge R. L. Hildebrand at court this morning following a hearing on a writ of habeas corpus against Teresa Di Diase and Sam Di Biase, of No. 2 Maitland street, this city.

According to the story told the court, Mrs. Teresa Di Biase was formerly the wife of John Peachock. They were married in Mahoning county, Ohio. On May 11, 1926, John secured a divorce from his wife on the grounds of neglect and adultery.

At that time they had a child, Anna Mae Peachock, and following the divorce the Mahoning county court awarded the custody of the child to the father. Mrs. Peachock afterwards married Sam Di Biase and the couple came to live in New Castle.

John Peachock, with his daughter, continued to reside in Youngstown. On October 10th it is alleged that Anna Mae Peachock was picked up by the mother on the streets of Youngstown and brought to this city.

A writ of habeas corpus was issued here by John Peachock and at the hearing before Judge Hildebrand this morning, the records of the Mahoning county courts were shown and testimony taken relative to the right of the father to have the child, at the conclusion of which Judge Hildebrand awarded the child to her father.

New Ford Models Now On Display

Francis Agency On Croton Avenue Is Showing 1936 Ford Cars

Longer looking, snappier looking and with a lot of new refinements, the new Fords are in. In settings that enhance the beauty of the new 1936 models, several of the new Fords are on display in the William A. Francis agency on Croton avenue.

In appearance the 1936 Ford is longer than the 1935 model. This is accounted for by the further streamlining of the hood and the rounding and lengthening of the radiator shell. New steel wheels with 12½ inch hub caps. The radiator has nothing but the emblem on, the intake for water being inside the hood.

Mechanically there are a number of improvements. Quiet helical gears are now used in all speeds forward and reverse, new body insulaton for silent operation, easier steering with a 17 to 1 ratio, antifriction bearings increased from 25 to 27 and increased cooling capacity for exceptional operating conditions.

The new Ford looks like a lot more money than the price tag says. There are several new colors from which to choose and in a short time the new Ford will be attracting plenty of attention.

Student Publication At Penn State Scores Coach, Grid Policies

(International News Service)

STATE COLLEGE, Pa., Oct. 18.—The Penn State Collegian, student publication of Pennsylvania State College, today printed a stinging criticism of the school's "De-emphasis" athletic policy and accused the athletic board of control of "exploiting" football players.

The editorial, unsigned but generally understood to have been written by Harry B. Henderson, Jr., Kittanning, editor of the Collegian, was timed with the arrival of more than 2,000 alumni of the school for the homecoming week end celebration which began today.

Make Suggestion

In all its tirade, the editorial seemed to make only one suggestion—the establishment of a full-time training table to furnish players three meals a day. The college now furnishes one.

The athletic board meets tomorrow and the editorial will come up for discussion, but few expect any action to be taken. The campus, however, buzzed with comment as soon as the issue gained general circulation.

Bezdek Attacked

Chief target of the scathing attack was director of physical education Hugo Bezdek, former University of Chicago grid star and, as State football coach, the creator of the greatest teams in the history of the Lions. Bezdek was blamed by the editorial for the whole "De-emphasis" policy, which, the paper said, was not being carried out.

"Candidly and frankly," the editorial said, "the football players here are being exploited by an athletic association that pays them nothing for four hours hard work a day and yet takes in gates which approach former magnificence."

Tough Schedule

Charging that the abolition of football scholarships has not led to scheduling teams observing the same "measure of good sportsmanship," the editorial continued:

"Year after year, the teams scheduled have been stronger teams, with better box office appeal and more or less frankly subsidized players. If the policy had been followed out, we would not be playing Pitt, Syracuse, Villanova and Bucknell, let alone trying to beat them."

Committees Do Their Job Well

Much Credit Due Committees In Charge Of Baptist Convention Here

Great credit for the success of the 28th annual meeting of the Pennsylvania Baptist convention, which closed Thursday night in New Castle, goes to the untiring efforts and sensible planning of the local central committee, headed by D. R. Smith, and the program committee, headed by Rev. H. C. Heaton, D. D., pastor of the First Baptist church.

On Mr. Smith's central committee were: Vera Williams, secretary; Mrs. Dallas Hildebrand, chairman of the committee on luncheons and banquets; R. E. Elmore, chairman of the ushers' committee; Mrs. David Nesbitt, chairman of the entertainment committee; Robert Strickler, Jr., chairman of the reception committee, and Mrs. Frank Kelley, chairman of the committee on exhibits and accommodations.

Dr. Heaton had as his helpers: W. Porter Beck, president of the convention; B. C. Barrett, D. D., executive secretary; Fred W. Tomlinson, D. D., director of the department of education and young people's work; M. A. Levy, D. D., Williamsport; Rev. Ivan Shreve, North East; R. L. Hudson, Philadelphia; Dr. W. W. Waters, Nanticoke; A. P. Bower, Reading; Mrs. George G. Erdman, Colmar; Mrs. C. E. Marquardt, State College, and Mrs. O. G. Langford, Waverly.

The convention was remarkable for several reasons. The attendance was the largest in 10 years, the program was one of the most inspiring ever prepared, and the time schedule was followed with strict preciseness. Many notable ministers and denominational leaders were in attendance.

PUTS NEWSPAPERS FIRST FOR STUDENTS

COLUMBUS, O., Oct. 18.—Newspapers are "at least 50% of modern life," Dr. George W. Rightmire, president of Ohio State University, told the University's largest freshman class.

"No one can succeed without the news," he admonished. "On information and ideas coming to us through the daily press we plan our daily life. We little realize how daily life newspapers dominate our life."

Dr. Rightmire said that the radio, movies and other mediums each has its proper place, yet none can occupy that vital niche in modern life that belongs to the press.

More Changes For Industry

Gigantic Task Ahead For Adjustment Of Transportation

(International News Service)

WHITE SULPHUR SPRINGS, W. Va., Oct. 18.—The United States must be ready for another "industrial revolution," E. L. Shaner had declared here Thursday before the thirteenth annual convention of the American Institute of Steel Construction.

Shaner, editor of "Steel" magazine, said this nation "has barely scratched the surface in the gigantic task of adjusting its transportation services to the new situation developed by the automobile, motor truck, and airplane."

The speaker stressed the steel industry's urgent need of future plans laid with foresight, and pointed out that "progress in the metallurgy and production of steel has far outdistanced progress in the application of the material to profitable use."

BIG GEM ROBBERY MYSTERY IS SOLVED

(International News Service)

DEL MONTE, Cal.—A fashionable hotel had a big jewel robbery mystery. Detectives hunted for diamond rings, valued at $3,000, missing from the pockets of Perry T. Cumberson, of San Francisco, delegate to a grocers' convention.

Leo Doolin, another San Francisco delegate, joined the search. He remebered that Cumberson had taken off the ring during a skit and placed them in a coat.

For three days the search continued. Then Doolin put his hands into the coat pocket of one of his own suits—and found the jewels. Cumberson had mistaken Doolin's coat for his own!

Engineers' Wives Go To Youngstown

Group From Here Enjoys Dinner At Home Of Mrs. Fred Kelley

On Wednesday ten members of the Grand International Auxiliary to the Brotherhood of Locomotive Engineers motored to Youngstown, where Mrs. Fred Kelley was hostess at a tureen dinner, at her home.

A profusion of lovely autumn flowers made the setting most attractive as a very delicious dinner was served. Places were laid for 16 guests.

Mrs. Kelley is a member of the New Castle Division of the G. I. A. Guests were also there from the Youngstown and Niles divisions of the auxiliary.

O. R. C. AUXILIARY

Mrs. Frank First, of Garfield avenue, was a pleasing hostess Thursday afternoon to members of the O. R. C. Auxiliary. An informal afternoon was enjoyed with dainty refreshments served at the close.

The next gathering of the O. R. C. ladies will be in the form of an anniversary dinner in the city hall on the first Thursday of November. Election of officers will take place at that time.

Girls Don't Know Color Of Their Hair

ATLANTA, Ga.—Does peroxide make a real blonde and if so when is a blonde a half-blonde?

These were just a few of the questions recently confronting the census-taker when he was gathering statistics on hair from members of the senior class of the Commercial High school.

Twenty-four of the girls said they were "real blondes". An additional girl said "I'll be one tomorrow."

A few of the girls said their hair was sandy, half brunette, or had streaks of red. They were not classified.

The brunettes were a bit awry in admitting it, for 86 girls said they "guessed" they were brunettes, while 13 carrot-tops readily admitted preferred blondes.

As for the males of the class—they admitted they preferred blondes.

Less Likelihood Of Going To War

European Countries Have Less Money With Which To Stage Conflict

CREDIT HERE IS NOT GOOD

Central Press
Washington Bureau
1900 S Street

By CHARLES P. STEWART
Central Press Staff Writer

WASHINGTON, Oct. 18—It is natural for Americans to fear that they will be dragged into war if it breaks out on a large scale across the Atlantic.

And there IS danger of it.

Nevertheless the state department does not consider the danger quite as great as it was the last time.

The danger is somewhat less, according to the department's reasoning, because Uncle Sam's business men are not so confident now as they were then that they can make big money out of an overseas conflict.

* * *

NOT MUCH MONEY

The potentially belligerent old world countries have, indeed, a limited amount of cash available for urgent, emergency purposes, but they will want to spend it for actual arms and ammunition.

Munitions makers would like to get it while it lasts. They principally are the folk who complain of President Roosevelt's embargo on such exports.

Cotton, wheat, meat and mineral producers and miscellaneous manufacturers also will feel an increasing foreign demand for their supplies if war spreads but, by that time, they will have to sell on credit—and Europe's credit no longer is worth much.

* * *

CREDIT NO GOOD

Be it understood, American business does not at all generally want the United States to fight.

It reckons (I have both state and commerce departmental authority for saying so) that the ideal kind of a war would be a large-sized one abroad, with this country supplying the embattled nations with everything—but with the fighters paying their bills, of course, and paying fancy figures.

If they ask for credit, however, American business hasn't any to offer.

With a dozen billions of debts to Uncle Sam still outstanding,, the American business man is disinclined to trust welching England, France, Italy and others a nickel's worth.

* * *

STATE DEPARTMENT REASONING

Thus the American who wants a foreign war, regardless of the risk that the United States will be drawn into it, falls into one of two classes:

1. He hopes to make his financial clean up before the overseas belligerents' liquid resources are exhausted. This is not a numerous class. It is sophisticated, but unpopular—like the munitions folk and certain financiers.

2. He doesn't yet realize that the old world is bankrupt. He does know that the Allies bilked the United States in the 1900-and-'teens, but he proposes to safeguard himself by demanding cash for everything in the 1900-and-30's. When he learns that Europe hasn't got cash—then what? The state department's impression is that he will be well enough satisfied to accept neutrality. What will he care for "freedom of the seas" if there's nothing he wants to ship?—because he doubts that he ever will be paid for it.

* * *

U. S. CITIZENS LEARY

An honest internationalistic element, as spoken for by ex-Secretaries of State Frank B. Kellogg and Henry L. Stimson, likewise demands American participation in adjustment of the affairs of the world, but it isn't a very influential element. The present administration doesn't believe that it is, anyway.

It is to be taken into account, too that war is contagious.

But a considerable proportion of the current American generation already is inoculated against the contagion. The young folk may be susceptible, but not those who caught the disease in 1917—and the survivors still verge on being a majority.

* * *

NO PROFITS SAFER

Such pacifists, then, as Executive Secretary Frederick J. Libby of the National Council for the Prevention of War take the view that America's risk of being pulled into the next struggle is rather less than it would have been except for its last experience.

Less, because today there is smaller prospect of profit from warfare than previously.

It is a cynical attitude to take—but practical.

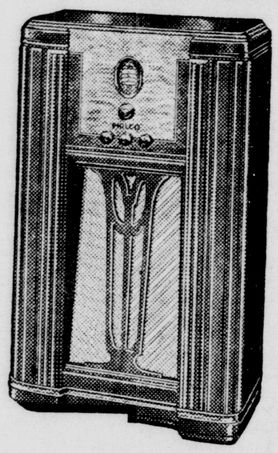

Senator Nye says our armament is for offense, not defense. But Senator, self-defense requires hitting the other fellow where he is.

Rothfuss Asks Curb For Colds

Parental Caution Would Eliminate Many Ills Of Children, Is Claim

NO SPECIFIC CURE IS CITED

HARRISBURG—The department of health has emphasized the value of adequate clothing for young children during the fall and winter months. The preventive value of the use of overshoes and overcoates where young people are concerned is very great, according to the department. Officials said many of the bronchial and more serious conditions which seasonally manifest themselves during the late autumn and winter months could be eliminated were parental caution regarding these matters more generally applied, it is believed.

"While parents of small children have apparently developed a spartan attitude toward clothing during the winter months, including abbreviated trousers and shirts, there is undoubtedly a large number of children to whom exposure of this kind in the more severe weather is detrimental to their health," said Dr. Paul A. Rothfuss, deputy secretary of health.

Exposure Needless.

"While it is appreciated that the children are somewhat to blame for this situation, being sold to the fashion themselves, the fact remains that undue exposure in many instances instead of hardening the wearer of such clothing makes a child more vulnerable to colds and other respiratory conditions.

"While this vogue persists it might be well for parents of the frail type of child to consult with the family physician to learn whether or not the use of this type of clothing will be harmful.

"While sufficient protection in the form of heavy clothing is needed in sharp or cold weather, it is just as bad to overdo the thing as to have insufficient clothing. It is simply a question of applying reasonable common sense being governed by the thermometer rather than by the season.

"Again, parents could detour many sniffles and full-fledged colds as well as more serious conditions were they more concerned in having children during wet weather fully protected against dampness by the use of overshoes. Wet feet represent a very vulnerable spot.

"While there is no specific preventive against colds either for youngsters or adults, a measure of wise concern properly applied undoubtedly would very definitely reduce the incidence in respiratory diseases among Pennsylvania's children."

SMOKE IN BED AND YOU MAY BE BURNED

(International News Service)

ALLENTOWN, Pa.—If you smoke in bed, you are setting the stage for a nice general alarm fire that may result fatally to yourself, Edgar Wold, Allentown fire chief, warned here.

"Fire from this cause is not an uncommon happening in America," Wold pointed out. "Many lives are lost in this way. One way you can help stop this loss is—not to smoke in bed."

FROGS RAIN DOWN ON FRENCH TOWN

(International News Service)

PARIS.—Thousands of little green frogs landed in a suburb of Grenoble, a "Matin" correspondent reports.

They fell from the sky in the middle of a thunderstorm which followed a succession of scorching hot days.

The inhabitants of the suburb were just welcoming the rain when they were amazed to see their streets and gardens inundated by frogs.

It is believed the frogs had been sucked up by miniature whirlwinds from ponds in the district and carried in the thunder clouds.

Production of copper and nitrate in Chile has nearly doubled since 1933. The answer is European war anxiety.

Medical Bills Paid On Instalment Plan

ST. LOUIS.—Medical and dental bills soon may be paid on the instalment plan here at a centralized service bureau to be established by the St. Louis and St. Louis County Medical societies and the St. Louis Dental society. Both medical groups have approved the plan and the dental society is expected to do so shortly.

At the bureau, prospective patients may learn what their expenses will be and the terms, which will be set according to their ability to pay. Ten per cent will be deducted from each account to cover expenses of the bureau.

Similar bureaus have proved successful at Washington, D. C., and Detroit.

New Seaplane Record Is Made

Naval Flyer Completes 3,300 Mile Non-Stop Flight From Panama To San Francisco

FORMER MARK IS HELD BY ITALIANS

(International News Service)

WASHINGTON, Oct. 18—The 3,300 mile non-stop flight by Lt.-Comdr. Knefler McGinnis from Coco Solo, Panama, to San Francisco established a new world record for seaplanes.

William A. Enyart, secretary of the national aeronautics association said today that McGinnis "doubtless" has cracked the old mark held by two Italian air vikings and that confirmation depends simply on filing of routine reports from association officials in Panama and San Francisco, and checking of the plane's barographs by the U. S. Bureau of standards.

Thus the United shatters the foreign hegemony of recent years over distance flying. There remains the task of bettering the landplane mark of 5,657 miles, negotiated in August, 1933, by the Frenchmen, Maurice Rossi and Paul Codos from Brooklyn, N. Y., to Rayack, Syria, before Uncle Sam can again claim the title of king of the air which he possessed prior to 1933.

G-Men To Get Two New Aids

Class Of 25 To Be Graduated By Crime Elimination School

NEW COMPACTS ON CRIME CONTROL

(International News Service)

WASHINGTON, Oct. 18. — If public enemy Alvin Karpis and other gangsters care to know, federal G-men expect soon to acquire two new adjuncts in their war against him and his kind.

With these, they will renew and intensify their unrelenting drive to capture or exterminate the pals of John Dillinger, Pretty Boy Floyd, Babe Face Nelson and others—mobsters who lived by the gun outside the law, and died to he crash of federal rifles.

They are:

1—A soon-to-graduate squad of 25 state and municipal police officials, trained here in the justice department's new school of crime elimination.

2—Expected nationwide state participation in interstate compacts for crime control.

A blanket law placing the stamp of federal approval on such compacts was enacted by the last congress. Justice officials have been advised that dozens of state legislatures expect to set up such compacts when they meet.

Prosaic as they sound, justice department heads regard these two new developments as deadly reinforcements.

Mayor Summons Scouts Of City

Chief Executive's Proclamation Orders Mobilization Saturday

Mayor Charles B. Mayne, in a surprise proclamation today, ordered Boy Scouts of all New Castle troops to the public square at 2 o'clock on Saturday afternoon just to "see how speedily a mobilization could be brought about."

Boy Scout leaders admitted that the mayor's call was in conjunction with the Character Chest drive which opens Monday, October 21 but said that no Boy Scout has been given advance notification of such a call.

Text Of Proclamation

Mayor Mayne's proclamation to scouts follows:

"Every community is subject to possible major catastrophies. New Castle is no exception.

"There is a great satisfaction that there are organizations ready and willing to help at such times.

"The Boy Scout movement has several hundred boys trained in safety principles, first aid, camping, cooking, sanitation, etc., that could be organized in a very short time; equipped to set up an emergency camp and take care of homeless or injured.

"Therefore, I Charles B. Mayne, as chief executive of New Castle, believe that the public should see how speedily a mobilization could be brought about and I hereby call a general mobilization of all troops of scouts to meet Saturday, October 19th at the public square at 2 o'clock."

The scouts, it was learned, will be asked to put on demonstrations after they reach the diamond.

POST-MORTEM SHOWS WHO KILLED PIGEON

(International News Service)

PITTSBURGH, Oct. 18—Although who killed cock robin still remains a mystery, Magistrate Anthony Lucas knows who killed an inquisitive homing pigeon which wandered into alien territory.

Upon the request of the Humane Society here, a post-mortem examination was performed on Peter Pigeon, and it was found that Abraham Pizzafer, 45, had killed the $15 bird belonging to neighbor C. Schake with an air rifle.

Magistrate Lucas delayed action until he looked "up the law on shooting pigeons with BB bullets."

Central African tribes believed that the best defense they had against their extremely ugly devil-god was a mirror. If they kept one at hand the devil must see himself in it before he can touch them, and be so terrified at his own ugliness that he will turn tail and flee.

The Message Of Jeremiah

"Brass Tacks" On The Sunday School Lesson

(The international uniform Sunday school lesson on the above topic for October 20 is Jeremiah 7:1-26, the Golden Text being verse 23, "Hearken unto my voice, and I will be your God, and ye shall be my people."

By DR. ALVIN E. BELL

"WATCH YOUR STEP." So reads the familiar sign we see on every railroad passenger car step. Jeremiah the prophet would have written these words in letters of fire on the steps of the temple of Jerusalem.

A Sermon On the Church Steps

So God spoke to Jeremiah, saying, "Stand in the gate of Jehovah's house and proclaim there this word, and say, Hear the word of Jehovah, all ye of Judah, that enter in at these gates to worship Jehovah. Thus saith Jehovah of hosts, the God of Israel, amend your ways and your doings, and I will cause you to dwell in this place. Trust ye not in lying words, saying, 'The temple of Jehovah, the temple of Jehovah, the temple of Jehovah, are these.'" Mouthing pious phrases, going thru the motions of religion are not enough. Rites can never serve as substitute for right. These people must get right with God and their neighbors or all their religiosity would be offensive to Jehovah.

Precept and Promise

God's blessings cannot be expected regardless of our attitude toward him. They are conditioned. Precept and promise stand or fall together; "If ye thoroughly amend your ways . . .; if ye execute justice . . .; if ye oppress not the sojourner, the fatherless, and the widow . . . neither walk after other gods to your own hurt: then will I cause you to dwell in the land that I gave to your fathers." "If ye . . . if ye . . . if ye . . . then will I." Thus God hath joined together precept and promise; let not man put asunder.

Match Creed With Conduct

"Will ye steal, murder and commit adultery, and swear falsely, and burn incense unto Baal, and walk after other gods that ye have not known, and come and stand before me in this houes, which is called by my name, and say, We are delivered that ye may do all these abominations?" So they thought "they were sitting pretty", because they went to church! They could compound all manner of sin with impunity because God thought too much of his temple to destroy their wicked city! "Is this house, which is called by my name, become a den or robbers in your eyes? Behold I, even I, have seen it saith Jehovah." When thieves, robbers, adulterers and idoloters flock to the church to find a cloak for unrepented sin they make God's houes "a den of robbers". Consequently God would destroy temple and city even as he had done once before in the case of Shiloh and its ark.

Family Life Defiled

Family life in Jerusalem and every city was totally paganized with parents corrupting their own children in their filthy rituals to heathen gods and goddesses: "The children gather wood, and the fathers kindle the fire, and the women knead the dough, to make cakes to the queen of heaven, and to pour our drink offerings to other gods." But the sermon went unheeded at the church door; the people stiffened their necks against Jehovah and rushed on into captivity and destruction, for "the wages of sin is death."

Protest Jobs Being Given Communists

(International News Service)

NEW YORK, Oct. 18.—Protests from American patriotic organizations, including the National Security League and, reportedly, the American Legion, today followed WPA Administrator Victor F. Ridder's decision not to fire communists if they confined their activities to post-duty hours.

The American Legion in Washington was reported here to have instructed its Americanism commission to investigate reports the local WPA is laden with "reds" while Walter Steele, Security League chairman, declared Ridder should be ousted from his administrative post.

"It is thoroughly unpatriotic for any official knowingly to overlook such un-American activities," said Steele. "It is well understood that the orders to these communists were given in Russia and that Stalin himself told them to demand relief and support legislation for it, and then to get into the relief projects and spread their propaganda."

Despite the protests, however, Administrator Ridder declined flatly to alter his views.

"Anybody who doesn't like my attitude," he observed this afternoon, "should tell the president or Harry Hopkins.

"There will be no investigation of communists by me. We are not going to waste time trying to find out if a man is a communist."

Hobby For Guns Results Fatally

Ohio Sportsmen And Heir To Millions Found Fatally Wounded

(International News Service)

The youth, who was to have inherited a $2,000,000 fortune a year hence, was found dead near a spot in the McKinney mansion where his father, the late Price McKinney, Sr., president of the Corrigan-McKinney Steel Co., took his life nine years ago.

GOES TO JAPAN AS COLLEGE TEACHER

(International News Service)

BETHLEHEM, Pa., Oct. 18.—Henry Groman, a former member of the local high school faculty, has gone to Japan to accept the duties of teacher in the Yamaguchi College.

Groman was one of the organizers of the Young Republican Association of Bethlehem, former city chairman of the group and an officer in the Northampton and state organization of Young Republicans.

THIEVES OVERLOOK $600 IN ROBBERY

SHENANDOAH, Pa., Oct. 18.—Because they believed the main compartment of a safe would normally contain the most money, thieves took $21.40 from a strong box in an American oil company gas station near Port Carbon.

They left behind $600 safely tucked away in small drawers.

Automatic Planes Will Cross Nation

Believe Planes Can Cross Country By Use Of Radio Beams

(International News Service)

NEW YORK, Oct. 18.—Planes will soon be flown automatically across the country holding to radio beams as securely as a locomotive holds to the tracks and relieving the pilot of all fatigue in flight, R. P. Bassett, vice-president of the Sperry Gyroscope Co., predicted in a paper for the New York Electrical society.

"Successful experiments using a combination of the Gyropilot and the radio compass have been carried out by Capt. Crane of the U. S. army," Bassett said. "The plane flew towards the radio station so accurately that it passed over the antenna towers."

Ethiopia Has Never Bowed To Foreign Power

Dr. Sowash Says Its Warriors Will Die To A Man Rather Than Submit

GIVES HISTORY OF ANCIENT LAND

That Ethiopia has never been under foreign domination for more than 3,000 years, and that its warriors would rather die to a man than submit to a foregn yoke, was the statement made by Dr. George A. Sowash, of New Wilmington who spent 38 years as a missionary to Ethiopia and the Sudan, in an address at the Senior high school last evening.

Dr. Sowash appeared under the auspices of the New Castle Coin Club, before whom he had spoken on several occasions, on a similar subject, and it was because of the interest of his message, that the Coin Club members sponsored his address last evening.

Is Backward Land

Ethiopia was a great nation 3,000 years ago, he pointed out, yet one finds many strange contrasts there. Much that was ancient when authentic history began is to be seen there today mixed with the incongruity of modern things, such as automobiles and radios.

One may see the same type of rude huts of centuries ago; the same type of agriculture; the same kind of plow drawn by the same kind of oxen, and driven by the same kind of farmer, using the same kind of ox-goad, with which Shamgar, son of Anath, slew 600 Phillistines, he stated.

Dr. Sowash related the story of the Queen of Sheba and King Solomon, as it is known in modern and Ethiopian history. She was known to the Ethiopians as Makeda, and is referred to in the Koran as "Balkis," there appears to be well-authenticated evidence that such an incident actually happened. Makeda was the mother of Menelik, the first whose father was said to have been Solomon.

He told of the marriage of Solomon and Makeda, according to Ethiopian history, which is quite a romantic tale.

The religion of the Ethiopians, which is Christian, was said to have been born of the alliance with Solomon and strengthened by later visits of two young Christian missionaries. Aedesius and Frumentius, who were shipwrecked near Adulis, the port of Axum, then the capital of Ethiopia. After abiding in Ethiopia, the two returned to Egypt, and Frumentius later deciding to go back to his Ethiopian converts, was consecrated bishop by the great Athenasius, of Alexandria Egypt, and sent as the first Egyptian bishop to Ethiopia. The bishops have from that time to this been Egyptian monks appointed by the Patriarch of the Coptic church of Alexandria, and have crowned the kings of Ethiopia.

Selassie Good Ruler

Haile Selassie, the first, who is now ruling Ethiopia, is the most enlightened ruler they have ever had, Dr. Sowash stated, and has been doing much for the advancement of his people.

The country is the best suited of any in the world to repel an invasion, the doctor said. It consists of low table lands and high plains. Three great ravines penetrate the land running from northwest to southwest. Each of these is deeper than the grand canyon of Colorado and at least one of them is over a mile in depth.

The rivers which become raging torrents during the wet season, which extends from January to September, and which flow toward the the Indian ocean seldom reach it because of the fierce heat of the lowlands. They are swallowed up in the burning sands of the Somali deserts.

Many diseases are to be found in the country, including malaria, dysentery, smallpox, typhus, typhoid, cholera menenhitis plague, tape worms and the social disease, and these affect those of a foreign race far more than the natives. It is considered quite a dishonor in that country not to have a tapeworm, he stated, which comes from the habit of eating raw meat, particularly at the great feasts.

Is Fertile Land

The plateau regions are very fertile, lie at an elevation of around 7,000 feet, and the climate there is fairly agreeable. It would be capable of supporting many people and could have been settled by Mussolini without invasion and warfare, the doctor believes. The land is also rich in minerals and fine lunmber, but there is no way of getting it out of the country as yet, because there is only the one miserable little railroad.

Dr. Sowash belittled the desertions which are said to be taking place by the Ethiopians. The desertion of the king's son-in-law, Ras Gugsa, was not unexpected, he stated. He had been married to Haile Selassie's daughter in what had been expected to prove a favorable alliance. She died in 1933 and Ras Gugsa had never been a warm supporter of Haile Selassie.

At the close of his address, he answered many questions on points which he had not touched in his address.

His address was deeply interesting, and several hundred people sat in rapt attention as he told of this far away land and its customs.

INDIAN STOPS IN TO CHAT WITH CHILDREN

Youngsters of the Margaret L. Henry Children's home were thrilled this week when Joe Thunderbird, pure-blooded Seminole from Florida, stopped in to tell them of Indian life in general and of life among the Seminoles in particular.

Thunderbird, visiting at a New Castle store this week, visited the home under the auspices of the Y's Men's club of the Y. M. C. A.

Probe Death Of WPA Employe At Norristown, Pa.

Workman Found Unconscious In Ditch, Dies In Hospital

(International News Service)

NORRISTOWN, Pa., Oct. 18.—Spurred by hints of "political murder," Montgomery county detectives today launched an investigation of the strange death of Edward Warner, 26, one of the small army of Philadelphia WPA employes working in this and other nearby counties.

Several hours after he was found unconscious in a ditch near a WPA quarry project, Warner died last night in a hospital here. The only mark of violence on him was a bruise on his spinal column which physicians said did not cause death. An autopsy, to be performed today, will determine what killed him.

Political Set-up

Warner was involved in the battle between Democratic and Republican voters on the train which carried the WPA workers to Philadelphia on Wednesday evening. In that fight, it was reported, knives were drawn and several men were knocked down.

"If this man was murdered," said County Detective Eiler, "we intend to find it out. Montgomery county citizens resent the shipment of these men from Philadelphia into our county. The whole thing is political and Montgomery county cannot be used to settle Philadelphia's political quarrels.'

Marshal Badoglio Will Remain With Italian Forces

(International News Service)

LONDON, Oct. 18.—Central News agency in a Paris dispatch today reported Field Marshal Pietro Badoglio, head of the Italian general staff who recently arrived in East Africa, had offered his resignation to Premier Mussolini on a question of policy.

It was stated King Victor Emmanuel had intervened and effected an amicable solution, and that as a result Marshal Badoglio would remain in Asmara, Eritrea.

Motor Receipts Show Increase

(International News Service)

HARRISBURG, Oct. 18.—A general increase in registration of motor vehicles, licensing of operators and receipts of fees was shown during the month of September, the Bureau of Motor Vehicles reported today.

Registration of passenger motor vehicles jumped 6.7 per cent over the same period last year, rising from 16,374 to 17,463. At the same time the number of operators licensed rose from 24,962 last year to 26,977 this September, an increase of 8.1 per cent. Receipts from all sources during the month were $50,798, or 11.9 per cent higher.

Aggressive figures for the first nine months of 1935 showed passenger registrations up 2.9 per cent, licensing totals 3.4 per cent greater and fees 4.3 up from 1934.

Ethiopian Benefit Raided By Officers

(International News Service)

PHILADELPHIA, Oct. 18.—The colored man at the door said:

"Gentlemen, it is only a benefit for the Ethiopians."

Unconvinced, Captain Thomas Leo and his gambling squad today pushed into the house and seized—

Nine dollars in the "pot," five pair of "African dominoes," and 29 "sympathizers."

As Emperor Haile Selassie's "benefactors" boarded a patrol, Captain Leo commented:

"Their charity, I fear, began at home."

INTRODUCED TOMORROW

THE NEW FORD V·8 FOR 1936

Why do we say The *New* Ford V-8 for 1936?

What is *new* about it?

Of course, the newest engine in the low-price car field is still the V-8 engine. Since Ford made it available to all car users (keeping it as economical as cars with fewer cylinders) the Ford V-8 has been the newest engine on the market, and remains the newest for 1936.

You may buy a car on minor "talking points"—some specially advertised feature "with the car thrown in"—but, after all, it is the engine you buy when you buy a car. Hence we put the engine first.

Other new points about the car make a long list.

Its lines are much more beautiful. The hood is longer and sweeps forward over the distinctive new radiator grille, giving the car a length and grace that are instantly impressive. The fenders are larger, with a wide flare. Horns are concealed behind circular grilles beneath the headlamps. New steel wheels.

Ford upholstery—always of sterling quality and excellent taste—is rich and enduring. The appointments of the car have a new touch of refinement. There is no question about the increased beauty of the Ford V-8 for 1936.

In more practical matters, many improvements have been made—Steering is made easier by a new steering gear ratio. The cooling system circulates 5½ gallons of water through a new, larger radiator. Natural thermo-syphon action is assisted by two centrifugal water pumps. New louvres permit a rapid air-flow around the engine.

Easier, quieter shifting of Ford gears—The gear shift lever now travels a shorter distance.

The two qualities you want in brakes—Brakes that stop the car with ease and certainty. Ford Super-Safety Brakes of the long-tested, fool-proof, mechanical design.

Safety—as always—in the electrically welded genuine steel body. Safety Glass all around at no extra cost. Hundreds have written grateful letters because this glass has protected the safety of their families.

A car you can drive without strain all day, if you like, in city or country. Steady, holds the road, responds to the driver's touch like a well-trained horse. You don't have to "push" or "fight" the Ford V-8—driver and car easily get on terms of good understanding with each other.

An engine has much to do with the roominess of a car. Very much indeed. A long engine uses up car space. The compact V-8 engine permits much of the ordinary engine space to be used by passengers.

It really is a great car in every way, this 1936 Ford V-8—the finest, safest, most dependable Ford car ever built. On display tomorrow by Ford dealers.

Britain Balks At Compensating Smaller Nations

(BULLETIN)
(International News Service)

GENEVA, Oct. 18—A meeting of a League of Nations sub-committee broke up in disorder today in a clash between Britain and Rumania when Britain balked at compensating small nations due to suffer financially from applying economic sanctions against Italy.

The economic sub-committee had been studying a proposal to compensate the small nations for their losses. Capt. Anthony Eden, British delegate, arose suddenly and in a surprise move declared angrily he did not see why any powers should be compensated for such losses.

As Capt. Eden made his statement, Nicholas Titulescu, Rumanian foreign minister, jumped up and retorted that if England wanted application of the League pact, it must be applied fully in the case of all concerned.

Paragraph three of the sanctions article of the League covenant provides for compensation, he declared. After making his statement he walked out of the meeting. The meeting was temporarily suspended.

Several Hundreds Attend Rally At Shenango Church

Mercer Presbyterial Missionary Society Has Gathering On Thursday

A crowd of several hundred women filled the Shenango United Presbyterian church on Thursday morning and afternoon for the annual fall rally of the Mercer Presbyterial Missionary society.

This Presbyterial is comprised of missionary societies in the United Presbyterian churches of a part of Mercer county and a part of Lawrence. Yesterday's rally was attended by delegations from East Brook, Plaingrove, Sharon, Mercer, the Harbor, New Bedford, West Middlesex, New Wilmington and many other points.

Miss Margaret Peebles of Plaingrove, the president, was in charge. The interesting program was featured by an address in the morning by Rev. Duncan Henry, a returned missionary from Ethiopia, and in the afternoon addresses by Prof. Ben Euwema, of Westminster college, and Attorney Wylie McCaslin, of New Castle.

Rev. Henry spoke in place of his wife who was unable to be present. His address was on "Ethiopia" and proved of intense interest to everyone. He served as a missionary in that war-torn nation for many years and gained in that period an excellent knowledge of the people, their country, and their problems.

Prof. Euwema had for his subject, "Special Work of the Church for the Young People," and Attorney McCaslin gave a temperance address.

Miss Marie Tait of Mercer, a returned missionary from India, gave a short message to the women at the close of the afternoon session.

Devotions had been led by Mrs. James M. Guthrie, East Brook, and Miss Nettie Sharp of New Wilmington. Echoes from the W. G. M. S. were given by Miss Laura Shoop, Mrs. Floyd Hoon, Mrs. John A. Cameron and Miss Eleanor Barr. Departmental work occupied a part of the time.

Election Ballot Contract Awarded

County Commissioners this morning awarded the contract for printing ballots for the November election to the Brindle Printing Company at their bids of $1,875. The only other bid submitted was that of Miller, Pyle and Street, which was $1,917.

The contract calls for the printing of approximately 49,800 official ballots and 9,995 specimen ballots. There will also be a special ballot for use in the City of New Castle on the referendum on Sunday moving pictures. This will require 21,000 official and 4,335 sample ballots.

There will also be a separate ballot for the use of Ellwood City on Sunday movie question, the number required being 6,050 official and 1,210 sample. The total official ballots required is 77,540, and 15,540 sample.

The ballots are to be ready for delivery to districts outside the city by noon on Wednesday October 30th and in the city by noon on Thursday, Oct. 31.

Shipping Board Chairman Dies

Death Claims T. W. O'Connor, Dies Following Stroke In Buffalo, New York

(International News Service)

BUFFALO, N. Y., Oct. 18.—T. W. O'Connor, chairman of the United State Shipping board in the post-war period, was dead at his home here today. He was 65. A stroke ended the career of the former tug boat fireman who rose to the control of ships which cost more than three billion dollars.

O'Connor, who was born in Toronto, grew up on Buffalo's waterfront. He worked as stevedore, ferryman, scooper and as a sailor on the lakes and became captain of one of the freighters. His greatest pride was his master's and engineer's licenses.

O'Connor helped unionize labor on the lakes. In 1908 he became president of the International Longshoremen's union. He became quite a figure during the war through his work in stopping strikes. Harding appointed him to the shipping board chairmanship.

Mahoning-Shenango Engineers Join Study Of Chamber Of Commerce

INDUSTRY HERE TO BE SURVEY TOPIC

President Carl H. Leis of the Mahoning-Shenango Valley Engineers' Society, prominent organization of local plant engineers and executives, today announced a committee of seven society leaders to work with the New Castle Chamber of Commerce in conducting a survey intended to picture the city's existing industrial conditions and the future industrial outlook.

The Mahoning-Shenango organization recently notified the chamber that it will work hand-in-hand with its industrial committee, headed by W. Keith McAfee, in the conduct of the survey.

It was not learned today when the survey would be started. It was said, however, that the study of conditions would be a thorough one.

The committee Mr. Leis named follows:

Frank S. Hoyt, chairman; E. L. Brundage, J. L. Matthews, D. A. McCarthy, Numa F. Vidal, Jr., E. L. Davenport and City Engineer Glenn R. Throop.

The society which Mr. Leis and the seven men named represent constitutes one of the strongest industrial clubs of the district and numbers in its membership prominent officials of local industries. Chairman McAfee of the chamber's industrial committee, with which the group will work, is active in the society's work.

President Leis made it known that further announcement of the committee's survey would be disclosed after final plans have been drafted. Preliminary work is under way.

The move today was understood to have been taken to bring one of the city's most active, and influential organizations behind the industrial activity of the Chamber of Commerce.

With today's announcement, Mr. Leis also announced that W. E. Irish, New York, editor of the Industrial Equipment News, industry's equipment organ, would come to New Castle to address his society and its guests at the Elks club on the night of Tuesday, October 29. His topic will be "Modernization in Industry."

Guests for the evening meeting will be the members of the Youngstown section of the American Society of Mechanical Engineers and the Sharon section of the American Institute of Electrical Engineers.

Mexican Planes Halt Bandits In Sonora District

(International News Service)

NOGALES, Ariz., Oct. 18.—Twelve federal bombing planes patrolling practically the entire Mexican state of Sonora just across the international boundary here, today apparently had restored peace to the guerilla warfare-torn section.

During the last 24 hours the bandit gangs which for weeks have terrorized the region, slaying more than 50 persons in widespread, but apparently centrally directed raids, have failed to strike.

Thousands of federal cavalrymen are cooperating with the air corps in efforts to locate the hideouts of the bandits, or force them into the open for a decisive action.

Meanwhile more American residents of Sonora continued to cross the international boundary here and at Bisbee and Douglas, fearing further bloody outbreaks. Sixty-five crossed the line in the last 24 hours.

Parted By Murder

Labor Party Plans Cause Sessions Row

Insurgents At Convention Insist Upon Formation Of Labor Party

By GEORGE DURNO
International News Service Staff Correspondent

ATLANTIC CITY, Oct. 18.—Still sniping at the American Federation of Labor's conservative leadership, insurgents launched another convention floor fight over the issue of an independent political party made up from the ranks of labor.

The insurgents were destined to be defeated.

However, on this particular question they have rallied more support than at any previous time in the history of the federation, now in its 55th year.

Not Much Support.

The line-up will not be the same as on the two votes which brought rejection of proposals that the federation branch out into a vigorous policy of organizing workers in mass production industries instead of continuing with the craft organizations of skilled employes.

The labor party plan will not get nearly as much support as was accorded the industrial union project.

But the politically-minded labor men hope to keep their movement growing in the months and years to come until leaders of organized labor will no longer be able to resist it.

Francis J. Gorman, vice-president of the United Textile Workers, is the newest recruit. Bringing along his 700-odd votes, he has taken the leadership and mapped out the most forceful campaign yet made to organize the working man into a political entity.

STEAL WIVES CLOTHES TO POLISH TRUCKS

(International News Service)

NEW YORK—Wives of New York City firemen have altered it to "Firemen, spare my clothes!" according to Fire Commissioner McElligott. Appearing before the city budget director for an increase in his department's 1936 appropriation, the commissioner complained things were in such a sad financial state in his department that his men had been driven to stealing their wives' old clothes to police fire apparatus because there was not enough city money to supply polishing cloths.

Block Chairmen Gather At Noon

Jameson Memorial Hospital Fund Drive Plans Are Explained

WHIRLWIND EFFORT OCCURS OCTOBER 29

Block chairmen who will participate in the Jameson Memorial hospital campaign for $40,000 gathered today in the Castleton hotel where the plans were outlined more in detail than has been done before. Fred L. Rentz, chairman of the hospital board, acted as chairman of the meeting but turned over the matter of explanation of details to Bert Wells, who is in charge of the campaign.

Mr. Wells explained to the men gathered in the hotel that the work of getting subscription cards into the places of business where they will call should start as soon as possible along with educational information.

October 29.

On October 29 between 9 and 9:30 in the morning the cards are to be signed with the subscription amounts. One cent per day is asked from employed people whose wages are low, more from those making the larger salaries.

At 9 o'clock a bomb will announce the opening of the half hour campaign, and each minute thereafter until 30 bombs have been set off. At 9:30 the solicitors will start gathering the cards and in the evening will meet in the Castleton for final report.

There was a spirit of enthusiasm prevalent today that bodes well for the campaign. Not a boisterous sophomoric enthusiasm that takes its expression in noise, but a quiet determination to put this campaign over and thus guarantee for two years the proper functioning of the institution that stands as a beacon of mercy in the world of sickness and accidents, the Jameson Memorial hospital.

Italy Will Not Enter Protest

Refuse To Take Seriously Stopping Of Ship By British Destroyer

(International News Service)

ROME, Oct. 18—Labelling the incident "unqualifiedly arbitrary English action—proof of the provocative spirit of England against Italy," the weekly Azione Coloniale today reported that a British destroyer had stopped an Italian merchant vessel.

The incident occurred outside Port Sudan Harbor, said the paper's correspondent, when the warship halted the steamer Martha, which was on its way to Massau, the base port for Italian military operations in Eritrea, from Tarantera.

In reply to the Italian captain's demonstrances said Arione Colonlale, the British commander explained that he thought the ship was sailing under a false flag.

The foreign office had no confirmation of the report. It was stated there had been a rumor an Italian transort had been challenged by a destroyer, but that nothing definite was known.

No protest to Britain was planned, it was said.

Power Company Reports Are Sent To City Council

State Commission Forwards Reports Of Company For Four Months

Following a formal meeting of council in the council chambers at the city building today the council went to the office of Mayor Charles B. Mayne where it was reported by Solicitor Robert White that the Public Service commission had sent to him reports of the Pennsylvania Power company for the months of May, June, July and August. According to White the reports show an excessive charge to their set-up over the charge which the commission allows. The books of the company will be examined by Max Bartlett of the firm of Burns & McDonnell during the week of October 28, according to White.

The question of whether or not the city will accept the use of the Carnegie auditorium came up. The provisions of the contract which the Carnegie Steel company tendered to the city are not satisfactory because it cannot be subleased, according to reports. Negotiations will probably be started with the company in an effort to persuade the corporation to change some of the terms. The auditorium was given to the use of the city through a request made by Mayor Charles B. Mayne. As director of property, Councilman Joseph D. Alexander will have charge of the building if it is accepted.

Mrs. Lou Gibson Dies Last Night

Relatives here learn of the death of Mrs. Lou Gibson, of Pittsburgh, which occurred last night at 11:30 o'clock. She is the sister of Mrs. Maud Shaffer, of Princeton.

Funeral services will be conducted on Saturday afternoon at 2 o'clock in the McDonald funeral home, California avenue, Avalon.

Youth Shall Also Serve

Mussolini is training schoolboys for war, and in Ethiopia they're actually in the trenches. An Ethiopian soldier is seen leaving Harar for the front with his small son serving him as porter, a common practise in Haile Selassie's embattled empire, where every person from 11 to 70 is subject to army service. *(Central Press)*

FHA Leaders Pay Visit Here

High Tribute Is Paid To Work In Lawrence County By Public Relations Head

CONTACT LOCAL BUSINESS MEN

Major Charles C. Anthony of the Public Relations Department of the Federal Housing Administration of Washington, D. C., with Fred L. Aiken, assistant to Director Theodore F. Smith, for Western Pennsylvania, and Walter Miller, field man for Western Pennsylvania, were visitors in New Castle Thursday afternoon.

Mr. Aiken and Mr. Miller visited the local banking institutions, and found that many loans have been granted by the local bankers for repair and modernization work, and also for the purchase of electrical equipment, machinery and such articles, under the plans of the FHA. They were assured of the continued co-operation of the banks here.

Major Anthony visited various industries and supply dealers, and was assured of their continued support also. Some of the dealers who have been selling products through finance companies have agreed to use the FHA plan and co-operate under its provisions.

It was pointed out by Director Marcus Feuchtwanger that the banks cannot charge more than five per cent per year on FHA loans.

Major Anthony was pleased with the splendid work which has been done in Lawrence county and praised the splendid effort which has been put forth by Director Marcus Feuchtwanger.

PERCENTAGE OF OLD FOLKS IS RISING

SAN FRANCISCO, Cal.—A national pension plan is necessary in the United States because the percentage of old people is steadily increasing, it is declared by Prof. Barbara Nachtrieb Armstrong of the University of California, on the basis of a survey.

The increased number of old people, she said, is due to a falling birth rate and increase in average longevity.

In 1860 only 2.7% of the population was over 65 years of age. In 1920, the figure was 4.7 and it will be 11.3 in 1980, she estimates.

Asks Support Of Neutrality

Strong Plea For Support Of U. S. Policy Asked By President

MESSAGE READ BY MRS. ROOSEVELT

(International News Service)

NEW YORK, Oct. 18.—A strong plea for support of America's policy of neutrality in threatened conflicts abroad had been left with the American people today by President Franklin D. Roosevelt.

In a message read last night by Mrs. Roosevelt at the closing session of the Fifth Annual Women's Conference on Current Problems at the Waldorf-Astoria, the president requested a "healthy, sound and above all, thoroughly American public opinion" to support neutrality.

The president's message to the 2,500 women delegates to the forum was to have been delivered by radio from the cruiser Houston on which he is cruising off the coast of Panama, but broadcasting facilities did not allow it.

The nation's chief executive promised to do everything in his power to keep the United States free of those entanglements, "that move us along the path to war."

He expressed the belief that modern government is without justification unless it exerts its utmost efforts toward preventing war and making "social justice prevail more greatly among men."

"When our economic system fails to sustain an adequate standard of life, it is the women who face the most poignant privation," he said.

Hosiery Workers Will Walk Out Of Factories Today

Strike That Involves 15,000 Workers Wins Unanimous Support

(International News Service)

PHILADELPHIA, Oct. 18.—The general strike call, involving 15,000 workers in hosiery finishing plants in Pennsylvania, New York and New Jersey, today won unanimous support, leaders of the American Federation of Hosiery Workers reported.

The walkout was ordered today by the union after weeks of futile negotiations with employers for higher wages.

"We are in the strike to put an end to the starvation wages paid in some of the industry's sweatshops," declared William Leader, president of the Philadelphia branch of the federation. Leader issued orders for "peaceful picketing."

Another reason for the farmer's plight is that automobiles and peanut butter sandwiches don't consume any hay and grain.

On Court House Hill

In the case of R. H. Wilson, receiver of the First National Bank of New Wilmington against John D. Rung and Hermine Rung, the court has fixed October 21 as a time for a hearing. This is a case in which a writ of fieri facias was issued against real estate in Hickory township. The defendant asked a stay of execution, and this is the question involved in the proposed hearing.

The county commissioners are preparing to start work of repairing the Grant street bridge. Some of the blocks which comprise the floor have become loose and a coat of tar will be applied. While the work is in progress traffic will be diverted over the West Washington street bridge, and by way of State street to the Youngstown road.

County Treasurer William O. Pitts received $26,513.13 as the county's share of the gasoline tax for the first six months of 1935. The county receives one-half cent on each gallon of gasoline. How many gallons of gasoline were consumed in Lawrence county in six months?

Final account of Roy Johnston, executor in the estate of the late John B. Johnston has been approved by the court and distribution ordered. Total assets were $3,144.75; total credits, $2,618.96. Balance for distribution, less filing fees, $523.29. This was directed to be distributed equally to the following: Ella Stivers, Ethel Rowan, Hazel Mayer, Charles Johnston, George Johnston, Roy Johnston and Lyman Johnston.

Sheriff Edward D. Pritchard has checked up the list of persons afflicted with mental diseases who have been sent from Lawrence county to state institutions so far this year and finds twenty-nine cases. This is an increase over last year, when the number was twenty-two for the entire year. The cost of maintaining these cases at state institutions has been steadily growing during the past few years. Whether the depression has anything to do with it is hard to answer, but the increase is alarming. The money for keeping these patients at state institutions comes out of the poor fund.

Under the will of the late Thomas A. Lovell, which has been admitted to probate at the register and recorder's office, decedent's estate is left to his seven children as follows: Mary Jeannette Phipps, Clara E. Cook, Leola V. Eakin, Mabel A. Hitchcock, Jennie E. Sutton, Florence A. Cook and Harold T. Lovell. A daughter, Clara E. Cook, is named as executrix.

Persons who obtained Home Owner's Loan Corporation mortgages with no intention of paying are receiving a rude jolt, as the government is now engaged in weeding out the unworthy. Latest announcement is that foreclosure proceedings have recently been instituted against 2,105 residential properties. This is a big increase over the 1,823 foreclosure moves up to September 30. Nearly half the total foreclosure suits, or 1,096 are reported from Washington to have been instituted because of the "obstinate refusal" of borrowers to pay up loans far in arrears. Of the remainder 728 home owners abandoned the properties the government lent them money to save. 221 died, and 69 were hedged about with legal complications. Chairman John H. Fahey recently estimated that the number of foreclosures would reach 5000 by the end of the year. That this prediction will probably be borne out is indicated in the corporation's figures revealing that $51,037,944 in loan payments were delinquent 90 days or more as of September 4. So far there have been no foreclosures against New Castle or Lawrence county properties. Reports here are to the effect that payments are being fairly well maintained.

Judge R. L. Hildebrand has handed down an opinion in the case of the Lawrence Savings and Trust Company against Domenic Demase, in which a writ to stay an execution is discharged and the sheriff is directed to proceed. The case is one in which the defendant gave the plaintiff a bond and mortgage to secure the payment of $3500. Execution was issued and in addition to levying on real estate a levy was made on certain personal property used by the defendant in the conduct of a store, not located on the mortgaged premises. In asking for a stay of execution the defendant maintained that the plaintiff must first proceed against the real estate, and establish a deficiency judgment before proceeding on personal property. The defendant opposed this view, claiming the right to have an execution against the personal property along with the real estate. This view is upheld by the court's opinion in which the deficiency judgment and other acts are cited.

The goal was set at $2,500.

"If we were ROLLING IN MONEY I could take a chance on CHEAP SOAP-CHIPS"

I imagine I could act like this

"BUT IN REAL LIFE I need SAFE CHIPSO to soak dirt loose in fifteen minutes"

"We're not 'rolling in money.' I can't afford to be wasteful.

"Naturally, I've tried various soaps, including cheap chips. But my, they used up so fast and the suds were so thin that I didn't get my money's worth. They had a strong smell, too, which wouldn't rinse out—and my colored clothes faded. So I'll stick to Chipso. It's cheaper to buy good soap than new clothes.

"Our Chipso-washed clothes look new two seasons"

"Chipso gets the dirt with RICH SUDS. You don't have to *scrub*. Our white clothes come out looking as gorgeously white as the suds themselves. And our colored clothes stay *bright!*

"Wear? Of *course* they wear longer! Look at the picture at the left. I put old clothes on my children just to show you that Chipso keeps them nice."

Sees New Era In Business World

Secretary Of Commerce Roper Urges Business Interests To Use Opportunity

NEW PERIOD OF PROSPERITY SEEN

(International News Service)

NEW YORK, Oct. 18—Declaring the United States is entering a new industrial era, secretary of commerce Roper urged business to utilize the opportunity for increased volume and profit created under the Roosevelt administration.

Speaking before the National Sales Executive's conference Thursday, Roper said:

With the program of the federal government designed to remove the obstacles which impede sound business methods and procedures and to open up channels of trade and sales for business and industry, it is now your responsibility to utilize to the fullest the possibilities involved in this broad national picture."

Pointing to increased profits and production in almost every branch of industry the secretary predicted a period of prosperity which will solidify government and business against un-American principles. He added:

"I feel that today we are entering a period when America will utilize more efficiency and beneficially our great natural resources, our scientific achievements, and our technological advancements.

"In so doing, we are solidifying those forces of our capitalistic system which will preserve our Democratic institutions and procedures against the inroads of un-American principles and practices."

Customs In Ethiopia Revealed By Returned Missionary, Dr. Henry

(Special To The News)

NEW WILMINGTON, Oct. 18.—In Abyssinia, a native greets a friend by kissing both cheeks, he greets his superior by kissing both his feet, and he greets a foreigner by shaking both his hands, according to Dr. Duncan C. Henry, New Wilmington, recently returned missionary, who spent eight years in Addis Ababa and in Sayo, Western Ethiopia.

Discussing further the customs of Ethiopians, Dr. Henry said that the common type of marriage is by common consent; divorce is by the same method. Cathedral marriages are rare, as such unions are not easily broken. Only the emperor and higher officials have had cathedral marriages. The husband is expected to beat his wife immediately following the marriage to show her that he is ruler of the household.

To obtain a divorce, the husband has only to eject his wife and close the door on her. If the wife is dissatisfied with her husband, she goes home, and such action constitutes a divorce.

Burial customs differ from those of the United States. Ethiopians bury their dead immediately after death, backyards being the common burial ground. Trees serve in place of a tombstone.

Few chairs are found in Ethiopian households. The rich sit on chairs and stools; the middle class natives have only stools. The poor sit on the floor. Only the old men smoke, their instrument being a water pipe about three feet high. Poor men ,when out of tobacco, put an ember in their pipes and inhale the smoke.

According to Dr. Henry, Ethiopians are more polite than the average American. When visiting they always go through formalities of inquiring about health of the host, his family, and his animals.

Ethiopians set a common basket in the middle of a table from which they select their food and eat it with their hands. Bread and sauce are present at every meal; their bread is shaped like a pancake and is sprinkled with red pepper.

Most Ethiopians are farmers. They plant nothing in rows, which they consider wasteful; everything is sown broadcast. Corn, the chief grain, is called "grain of the fathers" but its origin is unknown.

Cultivation is by oxen and a pointed iron stick, effective during the rainy season but useless in time of drouth.

The natives go barefoot from birth and acquire tough feet. Even the King's guard, 2,000 in number go barefoot. An Ethiopian can walk 25 miles daily for weeks, without shoes, and consider it no hardship.

Outside a few modern rifles in the King's guard, guns are very antiquated, dating back to 1870, according to Dr. Henry. The natives, instead of throwing away empty shells, reload them. Cartridges are often used as money.

Buffalo hunting is the chief and most dangerous sport of Ethiopia, even more dangerous than lion hunting.

Dr. Henry, a missionary of the United Presbyterian church, plans to return to Ethiopia in the near future.

LIGHNING STROKE CURED HIS "LIMP"

(International News Service)

KITTANNING, Pa., Oct. 18.—Lightning may launch catastrophe, fear, and a case of jitters into the world, but to Jimmy Seifert a local high school student, a bolt from above was "Doctor Flash."

Seifert was injured in an automobile crash and walked out of the hospital with a limp. While he watched his school gridiron team in action later, lightning struck near the field.

Spectators, men, women and children, felt the shock that sent Seifert, lighthearted, out of the park without his limp.

There was no fee.

HERONS "MUSCLE IN" ON HUMAN ANGLERS

(International News Service)

READING, Pa., Oct. 18.—Herons are "muscling in" on human anglers at the Reading impounding dam, Lake Ontelaunee.

Scores of white egrets swoop down from the blue as patient Izaak Waltonites parade their fish lures, and in envious sight of their humble rivals, spear small fish and frogs out of shallow waters.

And there's nothing to be done about it, either, says George M. Yocum, director of parks and public property.

A LOST OPPORTUNITY

(International News Service)

FITCHBURG, Mass. — A local man's $200 hunch was not worth $4.75 in cash to him. Police received an anonymous call asking for a patrol car escort because the caller felt he would win $200 in a beano game. Asked to pay expenses, the request was dropped.

CHEER LEADERS BENEFIT

Three cheers for the cheer leaders. An appropriation was made by the athletic council at its meeting this week to purchase uniforms for the cheer leaders.

There are six leaders and therefore six suits will be bought. They will be of a very bright red trimmed in black. On the front will be "New Castle" in black letters. A black stripe runs down the trouser leg, and a black megaphone with the letters N. C. is upon the back of the uniforms.

These new uniforms will not be ready in time for the Chaney game tonight but it is hoped to have them for the boys by next week with the game at Erie.

WILL SEE NAVY FILMS

On Wednesday of next week an upper class assembly will be held in the auditorium. The purpose of this gathering is to view some moving pictures which have been supplied by the navy department, and depict scenes in the navy. These are very interesting as well as educational and are well worth seeing.

Maurice L. Nixon, local recruiting officer, announces that they are talking pictures.

FIRE DRILL PLEASES ORTH

To start the week off right, a fire drill was staged last Monday morning. Principal F. L. Orth states that this drill was performed in much less time than the first two. The building was emptied in exactly two minutes. More order and less crowding was observed during the drill. The school is required to have one fire drill every month. This makes the third this semester.

Thursday afternoon, all students wishing to attend the matinee of "Show Boat" were excused at 2:10. A large number attended from the high school.

CHORUS NOW HAS 22

Although the fact that there is a chorus in the high school is unknown to a great many, Prof. J. F. Replogle states that he has a very efficient chorus composed of 22 persons.

When the call was made for people interested, 150 persons signed up as being interested in this undertaking. However, it was impossible for a great many of them to make scheduled changes in order to practice during the fourth period.

Mr. Replogle states that chorus will be placed on the list as an elective for the next semester and those wishing to belong to the chorus may elect it and have their schedule made out accordingly. He also states that an operetta will be held about February.

MUSICAL GROUPS LARGER

Latest reports from the band and orchestra indicate that the number of members this year is considerably larger than last year, the number in the band being 83 and 69 in the orchestra.

Sectional practices are now under way each third period. A different section practices each day.

The band and orchestra are much more efficiently organized this year than they have been for some time.

Dennis Allshouse, Walter Logan and Gene Schweinsberg act as student managers for the band and orchestra and also for the chorus. The duties of the managers are varied, their chief duty being to take care of the sheet music.

HI-Y HOLDS MEETING

Monday evening, October 14, there was a meeting of the Hi-Y at the Y. M. C. A. The meeting was called to order by the president, "Howdy" Updegraf. Wesley Hite was in charge of devotionals. Short prayers were offered by John Manos and Joe Greer.

Bob Young, the secretary, gave the report of the program committee. Next Monday night, Mr. Cassella, a member of the faculty, will be the speaker. On Wednesday, October 23, the Hi-Y is invited to attend a meeting of all of the Hi-Y clubs in the gym of the Y. M. C. A. Pictures of navy life will be the feature of the evening.

As there was no other business to be discussed, the club adjourned to the banquet room. Through the courtesy of Alex Samuels, a leather merchant of the city, and Jack Boyles, motion pictures on the story of leather were given. These pictures were both instructive and entertaining.

TEACHERS IN PITTSBURGH

SURPRISE TEST GIVEN

On Thursday morning the second of a series of tests was taken by all pupils in the high school. The first test, on arithmetic, was given several weeks ago. The marks on this were very poor. The new test was on geography. As it was a simple test, the marks should be much better than those made on the former test.

JUNIOR B'S ELECT

On Thursday of this week Mr. Copson, supervisor of the Junior B class, called a meeting of representatives from each of the Junior B session rooms. The purpose of calling this committee was to nominate students for the various class officers.

On Wednesday the class held its election of officers. The officers for this year are:

Secretary—Betty Cunningham.
Treasurer—Dale Gardner.

CLASS OFFICERS IN MEETING

The Senior B class officers held a meeting Thursday morning of this week in Miss Parker's room. Class dues for this year were fixed at 25 cents. There will be a sub-treasurer in each session room to collect the dues from that room.

The Senior B-Senior A dance will be held some time early in January. The details concerning the various committees will be given later.

APOLOGIZE TO WASHINGTON

On Monday of this week the various representatives met in the auditorium. Richard Gregor, president of Student Council, was presiding officer.

The secretary of the Student Council was authorized to write a letter of apology to the principal of the Washington senior high school, stating our regret that such conditions as those Friday night after the football game prevail and assuring him that everything is being done to better the condition.

Richard Gregor, president of the Student Council, appointed a committee to look into the matter. The members of the committee are: Eddie Donegan, chairman; William Montanary, Mary Ellen Henderson and Dave Rowland. This committee had a meeting Tuesday with Mr. Orth, Mr. Gardner and Miss Maxwell.

Hereafter, there will be a police escort for the visiting bands. Mr. Orth will also arrange for two or three boys to accompany the visiting bands while they are in town. These boys will direct the bus drivers to the stadium and see that there is no trouble.

Link Two More Deaths To Woman

Mrs. Ada Applegate, Under Indictment For Murder, Faces Additional Charges

PROBE DEATHS FROM POISONING

(International News Service)

MINEOLA, N. Y., Oct. 18.—Two more deaths reported linked to the background of Mrs. Mary Frances Creighton, plump Long Island Borgia, at present under indictment for first degree murder in the poisoning of Mrs. Ada Applegate, were being investigated by Nassau county detectives.

One death was that of an uncle whose last name was said to be Bateman. He died three years ago in Bellmore, N. Y.

The other death under investigation was that of the wife of a delicatessan dealer, in whose store Mrs. Creighton is said to have been an employee five years ago. The woman accused Mrs. Creighton of dishonesty, detectives were told. Subsequently she became sick and died. The woman's name was not revealed.

Meanwhile, Mrs. Hermina Rehm, the former neighbor who reported to police that she became violently ill on three occasions after sampling delicacies prepared for her by the black-eyed Mrs. Creighton, was revealed as Mrs. Creighton's nemesis.

It was Mrs. Rehm who indirectly led police to open their inquiry into the death of Mrs. Applegate.

By 1900 buffalo were so near complete extinction that less than a hundred remained. Naturalists stepped in and they have now reached the number of 4,404.

PROFESSOR NEVIN TO GIVE RECITAL

NEW WILMINGTON, Oct. 18—Professor Gordon Balch Nevin, nationally known composer and organist, of Westminster College, will give an organ recital Tuesday evening, October 22, at 8:15 in the college chapel.

The recital will be open to the general public; no charge will be made.

AROUND CITY HALL

Police chronology for 24 hours ending at 3:30 p. m. October 17, six arrests on charges as follows: proprietor of a disorderly house; visitors to a disorderly house 2, and drunkenness 3.

Although several days have passed and no arrest has been made of the hit and run dirver who stole a car which crashed into one in which several persons were injured, this does not mean that an arrest will not be made. Since Frank D. Taylor, Jr., was taken to a local hospital with a fractured skull city detectives have questioned several persons they believed possible drivers. Their grilling as yet has not borne fruit but indications are the hit and run driver will be arrested.

City of New Castle is remarkably free of contagion, according to Dr. William L. Steen, guardian of Pa Newc's health. During the month of September only eight cases were found. All of the patients had scarlet fever. As soon as attending physicians reported the cases to the health department the sanitary police were dispatched to quarantine the houses.

During September 40 samples of water taken from the City of New Castle Water company pipes and from privately owned wells and springs were tested here. The health officer also examined 35 samples of milk for bacteria and to see if the supply being sold here is clean. Pasteurizing plants were inspected. Several samples of water obtained from bathing pools were examined and three typhoid fever tests were made.

One thousand four hundred and sixty seven tons of garbage were collected and burned at the city furnace last month according to the report of Dr. William L. Steen. In addition to the amount gathered by city employes more than 100 loads were disposed of by non-city employes.

PYMATUNING LAKE GROUNDS ARE MARKED

Two lines of buoys and flags in Pymatuning Lake, mark the "happy hunting grounds" for Ohio and Pennsylvania nimrods.

The buoys mark northern and southern boundaries. Beyond the buoys, only Pennsylvanians may hunt. Inside, persons from both states may hunt. Nimrods of one state are prohibited from landing on territory of the other.

The term "G-men" originated in the underworld within the past two or three years for special agents of the department of justice. It means simply "government men."

New Pontiacs To Be Displayed

Three Lines Of 1936 Models To Be Shown Saturday At Lawrence Auto Sales Co.

Three lines of new Pontiac models for 1936, the straight eight, six and de luxe six, will be on display Saturday at the Lawrence Auto Sales Co's showrooms, according to E. J. King, general manager.

The "silver streak" radiator and hood grille that formed the central design motif of 1935 and earned for Pontiac the descriptive characterization of the "most beautiful thing on wheels," continues as the basic theme with certain pleasing changes that reflect even greater refinement of taste and more artistic beauty than was expressed in the original.

Improvements included in the 1936 line are greater in number than they were for the 1935 models and fully as important to the motorist. Many of them are not as apparent at a glance and probably none of them stand out as boldly as Fisher turret top bodies, hydraulic, triple sealed brakes or the sealed chassis of 1935.

A close examination discloses that the Pontiac engineers have gone through the 1935 chassis and bodies, feature by feature, refining this one and perfecting that one, keeping in mind the comfort and convenience of the motorist, and the economy, performance and safety of the car.

"A ten minute ride in a new Pontiac model with a well informed salesman should be taken to realize the significance of many of the improvements," says Mr. King.

Nineteen Body Styles.

The straight eight and de luxe six are available in six body styles each, while seven are mounted on the six chassis. Common to all lines are two-door and four-door touring sedans (with built-in trunk), all accommodating five passengers; the standard coupe for two passengers and the sport coupe for four passengers. The cabriolet built for four passengers is also available on the six chassis.

Many optional features are offered, with a wide variety of trims and finishes recently developed by Duco color engineers. The seven models on the six chassis range from $615 to $745. De luxe six models are priced from $665 to $795, while the body styles on the straight eight chassis list from $730 to $840. All prices quoted are f. o. b. Pontiac factory.

College Players To Open Season

Four One Act Plays Are To Be Given In Little Theatre At Westminster

(Special To The News)

NEW WILMINGTON, Oct. 18—Westminster college's Little Theatre under the direction of Professor Albert T. Cordray, opens its 1935-36 season Friday and Saturday evening, October 18-19, with four one-act plays. The plays are open to the general public.

The first play, "The Finger of God" by Percival Wilde, is a short melodrama of a crooked financier induced to go straight by a girl. The second play, "Murder in the Town Players," is a murder mystery, featuring clever dialogue and plenty of suspense. The play is a national-prize-winning Little Theatre play.

The third play, "Gratitude," is a brief bit of dialogue with a surprise ending. The Masquers, honorary dramatics group, will present the fourth play, the second act of "The Torch Bearers," a satire on the Little Theatre itself.

The plays will be directed by students.

NEW CASTLE AND CHANEY TO PLAY TONIGHT

RED HURRICANE READY FOR SIXTH BATTLE OF YEAR

New Castle High Will Have Strongest Lineup On Field

Preliminary Game Starts At 7 O'clock, Expect Big Crowd

ANOTHER New Castle and Youngstown football battle is about to be unfolded. This time Chaney High comes to Taggart Stadium tonight at 8 to try and smash the New Castle "jinx" over Ohio teams. South and Rayan tried hard to win here in years gone by. A preliminary game that sends the New Castle Junior Varsity against the George Washington Hi eleven will start at 7 o'clock. The gates of the stadium will swing open at 6:45 o'clock.

In event that it doesn't rain. (this is getting to be a stock phrase on Fridays) the stands should be rather well filled tonight. There is always lots of color to a New Castle and Youngstown battle and tonight's little setto will be no exception.

Seek Victory

New Castle High "Red Hurricane" will be after victory number six tonight. The first five games are in the bag, so to speak and a victory tonight will put the locals in fine fettle for their invasion of Erie East next week.

Chaney High will come here to "shoot the works" as the saying goes. In fact every team that plays the Bridenbaughmen gives everything they have. It's considered an honor to upset the New Castle High apple-cart. The cart has not been turned over very many times. Coach McPhee would like to be one of the few coaches to score a victory over the Lawrence Countians.

Strong Lineup

Head Coach Phil Bridenbaugh will have his usual starting lineup ready for the bell. Toscano, the lad who plays a lot of football around left-end, will be back at his post, and hoping for another 100-yard run for touchdown.

At the other end will be Albert Krezo, the South Side boy who has made good on the team. The tackles need no introduction, with Frank "Tarzan" Crisci and Charley Probst making the line one of the most formidable of years. Both boys have aided in the five victories to date in no small measure. The guards will be Scarazzo and Small, and don't underrate either of these two boys.

The center will be Albert "Blackie" Adamo and a sweet passer-back if we ever saw one. A tower of strength to the line and no mistaking this fact.

Watch Donegan Go

The backfield will be the same as started against Washington High, with Dal Mumford and his educated toe holding down the signal barking job. The halfbacks will be the two bundles of dynamite Robert "Flash" Engs and Eddie Donegan. The fullback will be Domenick "Gabby" DeCaprio, one of the toughest line plungers that ever plunged a hole in the enemy ranks.

The reserve backfield consisting of Leroy Cox and Mort at the halves, or Tony Perrett, with John Cabas at quarter and Stan Kominic at the fullback spot, is just about as good as the first stringers, and it must be discouraging to the opposing teams to have Bridenbaugh yank a varsity man and put in a sub, everybit as good. That, my dear readers, is what makes championship football teams.

Good Backfield

Despite the loss of their backfield threat Joe Terlecki the, Chaney boys feel confident of causing the local favorites a lot of headaches, before the contest is over. Coach McPhee will use a lad by the name of MacDonald at fullback in place of the injured Terlecki and it's said that the big Scotchman is a crackerjack line buster. The other Chaney backfield threats are Brusko, Benish and Kauffmann.

It will probably be a battle in the clouds tonight. Chaney features a clever forward passing attack. Bridenbaugh has given the locals a few foolers this week, to spring on the Ohioans.

Bands Will Play

The Chaney High band will be here tonight with the visiting delegation. The New Castle High band under Joe Replogle will also be at the game and will furnish some snappy marches and tunes for the edification of the football fans. Give the band boys a big hand, they deserve it.

Chaney High will come to New Castle tonight backed by probably 1,000 or 1,500 students and fans.

"Alabama" Pitts Quits Football

Will Return To Albany Baseball Team In Spring, Visits Warden Lawes

(International News Service)

NEW YORK, Oct. 18.—Ed (Alabama) Pitts, former triple-threat ace of Sing Sing's football team, and who more recently has extended his athletic prowess to professional baseball and football, was in New York today with the announced intention of organizing a basketball team for a nation-wide tour.

Pitts, who visited Warden Lawes at Sing Sing last night, paused here only momentarily before entraining for his home in Opelika, Alabama, for his first visit since leaving prison. The all-around athlete indicated he would play a guard position on his basketball team.

The young man revealed he would not accept an offer of $50 per game to continue with the Philadelphia Eagles, pro grid team. His previous contract, seven games for $1,500, has expired. Pitts said he intended to return to the Albany club of the international baseball league in the spring.

Albany College May Set Record For 28 Defeats

(International News Service)

ASHLAND, Ore., Oct. 13—With a world's record at stake, Albany College will take the field here tomorrow against Southern Oregon normal.

If Albany is defeated, the school can claim the dubious honor of having lost more consecutive football games than any other school in the world.

Albany, with 27 defeats, is tied for the record with Knox and Hobart colleges.

Chances the new record will be established are "bright." Southern Oregon has not lost a homecoming game since 1929.

FOOTBALL FATALITY

(International News Service)

MARBLEHEAD, Mass.—A long, high football punt from the good right toe of Halfback Eddie Phelan of the high school gridiron eleven dropped into the hen yard of Milidge O. Nickerson. The ball struck a hen on the head, killing it instantly. The first football fatality of the season cost the high school $1.50.

Wall Street Is Best Place To Get Football Bets From Old Grads

By PAT ROBINSON
International News Service Sports Writer

NEW YORK, Oct. 18.—College boys have Broadway's football bookies on the run . . . In fact, the gambling undergraduates have put Moso of the big stem odds layers out of business . . . Now if you want to put a bet on your alma mater you must go to Wall Street . . . where the wolves still gave the lambs none the best of it . . .

Jack Doyle, for years the leading Broadway price maker, no longer will accept a bet on a football game . . . The rah-rahs got too smart for old Jack . . . They knew more inside stuff than an outsider ever could learn . . .

New York University undergrads are said to have cleaned up when their Violets took Carnegie Tech last Saturday . . . The result may have surprised the general public but every kid on the campus knew the Violets were loaded to the gunwales and went to town accordingly . . .

Wall Street is quoting Penn at 6 to 5 over Columbia which seems fairly reasonable . . . But on the Vanderbilt-Fordham, Pitt-Notre Dame and Yale-Navy games you are asked to give them 3 to 2 no matter which team you pick . . .

Speaking of Wall Street reminds me Gunboat Smith is now one of them . . . that is, the owner of old Mary Ann Works down there when he isn't refereeing rasslin . . . The Gunner says all anybody needs to succeed in the ring is a strong back and a weak mind . . .

Charley Johnston, boss of St. Nick's arena agrees with him . . . "No college boys for me," said Charley . . . "they think too much . . . too much imagination . . . and they ain't willing to fight for $30 or $40 . . . Worst of all, they can figure better than their managers. . . We never had a good college fighter yet and I don't think we ever will. . ."

EAST NEW CASTLE MEN WILL SHOOT

Saturday October 19, at 1:30 o'clock at the Schenley avenue field at East New Castle, the East New Castle Rod and Gun club will hold a trap shoot. All members of the club and their friends are invited to attend. Prizes will be awarded to the best marksmen.

HERE AND THERE IN SPORTS' LAND

Walter Hagen, the warhorse of the fairways, eased his way around the narrow fairways of Twin Hills at Oklahoma City, Thursday, to lead a field of fellow professionals in the qualifying round of the P. G. A. tournament. He turned a dazzling 67 for the morning round which was a course record in competitive play. In the afternoon play he turned in a 72.

Fans paid $4,100 to see Ed. Don George win from Joe Savoldi in a wrestling match last night at Pittsburgh. George and Savoldi confined most of their action to the ring with arm locks and head locks.

Disgruntled at a lack of spectators, Dizzy Dean walked out on a scheduled amateur exhibition game at Chattanooga yesterday, announcing he could pickup more money playing poker on the train. Joe Engel, head of the Chattanooga club of the Southern association has protested Dean's action to Commissioner K. M. Landis.

Ed. Balinger and Chilly Doyle, Pittsburgh baseball writers in addition to President Benswanger and of the Pirates and Honus Wagner will attend the Lawrence County Baseball league banquet October 22 at the Elks club, according to Alec Samuels, president of the circuit.

Walter Hagen Wins Medal In P.G.A. Tourney

(International News Service)

OKLAHOMA CITY, Oct. 18.—Old Walter Hagen, who despite his 43 years, still gets around a golf course some, was the toast of golfdom here today.

Sir Walter responded to southern hospitality by winning the qualifying medal in the 17th national professional championship at the Twin Hills golf club yesterday, with a 67-72—149, one under par.

The Haig's 67 was three strokes under par and a new course record for competitive golf.

Closest to Sir Walter were Alvin Kreuger, Beloit, Wis., baseball pitcher, and Herman Barron of White Plains, N. Y., with 142's. Horton Smith and Ray Mangrum followed with 143's.

So congested was the course play was slowed and because of darkness officials called in 29 players of the field of 112, and they will finish their qualifying rounds today.

Paul Runyan of White Plains, N. Y., the defending champion. was automatically qualified and will join the field of 63 survivors today in a double round of 18-hole matches. The remaining four days of the tournament calls for 36-hole battles.

Tennessee Skipper

Toby Palmer

After a ragged start, University of Tennessee is fighting its way back into the southern grid picture and one of the reasons is Captain Toby Palmer, above. Halfback Palmer's fine leadership and educated toe are helping to make the Vols' season a success.

Union Gridders At Emlenton, Pa.

Union High school football team left shortly after dinner today for Emlenton, where they will play the Emlenton High Wildcats in the first meeting between the two schools.

Coach Davey Boyd took a squad of 25 men to Emlenton. The Unionites hope to show a better offensive drive today than they did against Bessemer last week.

Pitt And Irish To Draw 50,000 To South Bend

Northwestern To Play Ohio State — Purdue And Chicago To Tangle

MINNESOTA TO BATTLE TULANE

By BILL COLLINS
International News Service Sports Writer

CHICAGO, Oct. 18.—Notre Dame and Pittsburgh draw the gridiron spotlight in the middlewest tomorrow, with 50,000 fans expected to jam the concrete bounding Cartier field.

Smarting under three successive defeats at the hands of the Pitt Panther, Notre Dame sincerely believes Pitt's mastery will end tomorrow, that the Irish will march to victory and on to a national championship.

There is a feeling of confidence on the leaf-covered campus, and on the practice gridiron there is a dash and verve and spirit reminescent of the days when the Four Horsemen rode triumphant through the land. This despite the loss of Jomn Michuta, great tackle, and Mike Layden, potent halfback. Michuta was injured in the Wisconsin game last week and Layden is still convalescing from hurts received in the Carnegie battle two weeks ago.

Eight Big Ten teams will be in action tomorrow, with six of them engaging in conference contests.

Purdue Vs. Chicago

At Madison Doc Spears' Wisconsin eleven will attempt to make Michigan the goat of the Badgers' thus far disastrous season.

An apprehensive Northwestern team left here last night for Columbus where the Wildcats will attempt to stop the high-scoring Ohio State team.

An irate but injury-weakened Purdue team will meet Chicago here.

Indiana will start a reserve team against Cincinnati at Cincinnati.

A revamped Minnesota team will face Tulane at Minneapolis before a crowd expected to total 40,000.

Walsh Selects Notre Dame To Trip Panthers

Thinks Rice Will Top Southern Methodists, Penn To Beat Columbia

SEVERAL TOUGH GAMES ON CARD

By DAVIS J. WALSH
International News Service Sports Editor

NEW YORK, Oct. 18.—Having discovered to its acute surprise, via a national weekly poll, that it could be pretty terrible last week and still lead a lot of others, there was a re-organization meeting today of the Fumblefinger A. C. of which Mr. and Mrs. Walsh's heir is president, secretary and fumbler-at-arms. It was moved and seconded that anybody who tried to pick Saturday's football results must have a frayed cuff lying around somewhere in his family closet, a decision that simplified everything.

It left the club free to go ahead and pick Saturday's football results.

Leaders May Fall

The result is that Pittsburgh, Southern Methodist, Washington State, Columbia and perhaps the navy are named to finish down behind the car barns for the first time this year. We are not sure about the Navy. Neither is Yale, which may or may not come off the Pennsylvania game with too much confidence or too little drive. We think the chances are very good for a tie at New Haven, proving that we are absolutely fearless and without bias.

It also was decided that Pitt didn't quite have enough for Notre Dame, especially at Notre Dame, and that Pennsylvania, previously touted to win all of its games, couldn't possibly lose all of them. Therefore, Columbia is picked to lose a tough one at Franklin Field, Philadelphia, tomorrow.

Rice Favored

Rice has a tougher one with Southern Methodist at Dallas, but gets a slight break for several reasons, including its tremendous repute and the fact that the long trip to St. Louis last week may have taken something that the Methodists cannot put back immediately. We are also naming Centenary over Texas for no reason at all, especially in view of the fact that the Longhorns yield very seldom and never with an air of philosophy.

Georgia ought to have more than enough for North Carolina State and Detroit figures against Catholic University, although that one's nearly always a Brannigan. Washington is taken over Washington State because of its superior preparation through the games already played.

The rest of the undefeated field seem due to survive unscathed, although we will say this for college football. It does seem to scathe very readily.

Duke Should Win

Duke, for instance, rates a touchdown or two better than Georgia Tech; North Carolina is away off better than Davidson and Texas Christian can lose to Texas A. and M.—but we have decided that it won't.

The Army has enough left from last year to beat Harvard on the plains up the river; Michigan State and Dartmouth should walk in over Boston College and Brown respectively. If Holy Cross doesn't do the same against Manhattan, justice is more than blind; its downright silly.

Penn State-Lehigh

In the same way, we take Minnesota over Tulane, New York University over P. M. C. and Princeton over Rutgers. What, no Ohio State? Of course, perforce and without much question, but we have decided that Northwestern has a great chance to pull one from around behind the nape of the neck.

Temple isn't ready to lose yet, at least not to Carnegie Tech; Villanova seems much better than La Salle and Syracuse should come back off last week's tremors in time to beat Ohio Wesleyan. However, we're taking a flier on Lehigh against Penn State and then are returning to routine with California named over Santa Clara and Purdue over Chicago.

RELIEF CHISELERS PAYING BACK CASH

(International News Service)

POTTSVILLE, Pa.—When arrests were made of a Shenandoah and two Minersville men who accepted relief despite bank accounts they maintained, conscience-stricken others on relief began pouring cash into the Schuylkill county relief office.

On one day $1,000 was refunded. Another day brought $600. Relief officials said no prosecutions would follow voluntary refunds.

TRIPLETS ON GRAND RAPIDS TEAM

John, Ray and Fred Korreck

A real triple threat is presented by the George Davis Tech team of Grand Rapids, Mich., in the persons of triplets John, Ray and Fred Korreck. Coach John Burley, who has assigned two of the triplets to guard positions and the third to halfback, has trouble telling them apart. Left to right, above, they are John, Ray and Fred—yes, that's Korreck.

Touch Football Getting Rough

Three Black Eyes In Week Put Different Shade To Game

(Special To The News)

NEW WILMINGTON, Oct. 18—Touch football, a sport which usually signifies a tame characterization of the national collegiate sport, has become a real problem to gymnasium instructors at Westminster college, when three black eyes showed up last week as a result of "roughing."

In a recent game between the Kaps and Delts, tied for the lead in the Inter-fraternity league, several players were knocked out and others were injured.

The game, originally meant to be a plain clothes variety of the fall sport, will soon need the necessary equipment, such as helmets, shoulder pads, and nose-guards, to prevent serious injury. As the game is played this year, blocking is legal, with no rules against rushing the passer. By this rule, defensive teams usually make a "tackling dummy" out of the passer just as if they were in a real football game.

Miss Nandeen Love, women's physical education director, refuses to allow publication of scores in girls' games in an attempt to eliminate too-spirited play. According to Miss Love, the important object of sports is to furnish exercise and to teach good sportsmanship—and not to win a game.

"Dizzy" Refuses To Play For $40

(International News Service)

CHATTANOOGA, Tenn., Oct. 18—Dizzy Dean, star hurler for the St. Louis Cardinals, today had refused to walk upon Chattanooga's baseball diamond for a mere $40.

Dean was sore, 300 fans were sorer, and Joe Engle, president of the Chattanooga lookouts of the southern association, promoter of Dizzy's personal appearance here in an exhibition game, was frothing.

Dizzy took a quick look at the attendance from the dugout. He turned to Engle and asked what his share of the gate would amount to. He was informed that it would amount to approximately $40.

"Hell," snapped Dizzy, I wouldn't walk out on that field for $40."

Grovers To Play Morris-Harvey

Four Freshmen Will Start In Grove City College Line-up Saturday

GROVE CITY, Oct. 18.—A Crimson squad still effected by the battering received in the W. & J. game, rested today, awaiting the whistle opening the home season against Morris-Harvey college here Saturday. Although no players were seriously injured at Washington, Coach Amos has had to rest his veterans most of the week, and concentrate on freshmen, four of whom will be started in the home opener.

The situation faced at Washington, when the Presidents outweighed the Grovers 23 pounds to the man, will be repeated here Saturday, when Morris-Harvey presents a heavy, experienced team. Coach Amos will add weight to his starting club by sending Bingham to a halfback post, replacing the 133-pound Gulyas, and starting Nick Maddalena at tackle. Teh new ends will be used in an effort to improve the Crimson defense.

Defensive drills featured the week's preparation for the home opener with the prospect of meeting another heavy opponent constantly in Coach Amos' mind. Offensively, the team performed remarkably well against the Presidents, when the Grovers were overcome by sheer power, and Amos has been putting the emphasis on breaking up interference, and tackling.

ALLENTOWN, Pa.—The world is not as safe for democracy today as right after the World War, Dr. J. Raymond Schutz, instructor at Manchester College, North Manchester, Ind., declared at a teachers' convention here. International distrust, fanned by the Italo-Ethiopian war, may flame into another world war, he said.

SPORTS PULSE PENNSYLVANIA

By VIC JACOBS
International News Service Sports Writer

PITTSBURGH, Oct. 18.—Lock Haven, by the token of having played and won more games than the defending champions, Altoona, is leading the Western-Central Pennsylvania conference but many are skeptical as to whether they will still be perched on that knob after tangling with the Mountain Lions this week end.

Many keen rivalries among sectional foes will be loaded into the scholastic program . . . The more bitter battles are expected to develop in the Charleroi-Donora game and the Erie City League match between East and Academy high schools . . . Coach Steve Stepanian has been working his Cougars until dusk each day in a determination to lick Donora, as annual objective of Charleroi.

Dunmore and Pittston Hi meet at Scranton tonight in the first night football game the mining town has ever promoted . . . A poll of the students of both colleges showed the rooters rabidly favoring renewal of traditional Swarthmore-Haverford series . . . The series was broken in 1925.

There was the inference in the Pitts salary statement of Bert Bell, president of the Philadelphia Eagles, that the ex-prison star was not measuring up to the prodigious standards demanded of professional gridders . . . The Eagles, Bell said, like Pitts but not $1500 worth as he was paid for the first four games and we'll keep him if he'll take a nominal salary for a man of his experience and ability."

When youn Nemo Scherba copped the Western Pennsylvania Caddie Masters golf title at Ellwood the other day, it was the second successive year a Chartiers Heights Country Club entry won the distinction . . . Munhall Hi, losing their games as fast as they are played, hope they can avoid their sixth straight defeat in their next meeting.

10 HENS SET NEW RECORD FOR LAYING

(International News Service)

ITHACA.—Plymouth Rock hens belonging to James Dryden of Modesto, Calif., set a new world's record in number of eggs laid and in total weight of the eggs.

For 51 weeks the striped black and white birds put forth every effort in the New York State College of Agriculture's egg-laying tests at Horseheads, N. Y., to lay 2,848 eggs, or an average of 285 apiece.

A New York State record was set by the hens of Eugene Delamarter of Elmira with single comb white leghorns. They laid 2,926 eggs during the 51-week period, the highest of all breeds in the state.

UNIVERSITY ENDS FORCED SERVICE

(International News Service)

BURLINGTON, Vt.—Although attendance is now voluntary, chapel services at the University of Vermont are continuing.

Agitation against compulsory chapel attendance, which was instituted in 1890, finally was effective and the students now have the right to decide the question of attending for themselves. There still is a demand for them.

Honeymoons Get Them In Trouble At Grand Canyon

Some Have Narrow Escapes In Exploring Wonders Of Nature

(International News Service)

GRAND CANYON, Ariz.—In these modern times, honeymooners are still funny people, M. R. Tillotson, superintendent of the Grand Canyon National Park, has found.

Whether it's because the canyon is one of the most awesome sights in the world or whether it's love, Tillotson isn't certain, but anyway among the 10,000 honeymooners who passed through the park this summer, this happened:

One groom, perhaps blinded by love or the sun, drove his coupe off the brink of the canyon and would have plunged straight for the Colorado river a mile below if a tree hadn't caught the car. Both he and his wife escaped unhurt.

One bride walked off the brink but was saved by a ledge a few feet below.

One couple was lost for a day within a few steps of a main highway.

One sweetheart fainted when she first saw the chasm and was saved only by the strong arms of her fair swain.

But the politicians and the college professors are the ones who always stumble over a root or twig as they stand on the edge of the canyon, and, as Tillotson reminds 'em, the forge's brink is about the poorest place in the nation for stumbling.

The trophy for mishaps, though, goes to an eastern politician who calmly stepped into the canyon while gazing at the wonders through binoculars. Rangers had to throw him ropes to haul him back to safety after he had stayed further descent through grabbing a shrub 200 feet down.

Personals

An ad inserted under the "Personal" heading differs from other classifications much the same as a person-to-person telephone call differs from a station-to-station connection.

Business and professional men who have some special message for clients often make use of this column. The ad inserted by a prospective traveler who desires a companion to share expenses to some given point is familiar to every one. People desiring to get in touch with missing friends and relatives also make use of this classification.

Don't overlook the possibilities of this useful division of the classified ads.

Stock Market Settles Down

To Await Outcome Of Strained Relations Between England And Italy

By LESLIE GOULD
International News Service Financial Writer

NEW YORK, Oct. 18.—The stock market settled down today to await the outcome in the strained relations between England and Italy. Trading was at the slowest pace in a week.

Business news was favorable. The week-end trade review told of continued gains in retail trade. Railroad traffic last week, as expected, rose sharply to a new 4-year high.

While the main body of stocks quieted down, packing shares were strong and active, led by Swift which rose 2 points. Aviations were in demand, United Aircraft selling at a new high. Individual strong spots included the Mengel issues, Acme Steel and Canada Dry.

Case Threshing ran up more than a point. Other farm implements were firm.

Motors were mixed. Chrysler was under some pressure but General Motors was firm. Westinghouse scored a small gain. Western Union, the bull favorite of the last few days, quieted down.

Aclohols were strong, U. S. Alcohol rising a point, but liquors ran into profit-taking. Steels firmed up. Rails paid little attention to the rise in traffic. N. Y. Central was slightly higher. Pennsylvania was held down by scattered liquidation.

American Power & Light issues were strong in utilities. Nationals Power was firm in the face of the dividend cut. Consolidated Gas came back after an early loss.

Blue Chips were inclined to sag, led by American Can. Foods were firm and chemicals quiet.

Grains and cotton were somewhat higher but price chances were not great. Bonds were irregular and the dollar strong.

ELLWOOD HIGH TO MEET MONACA HERE

Mothers Of Local Gridders To Be Guests Of Honor At Game

KICK-OFF SLATED FOR 2:45 O'CLOCK

ELLWOOD CITY, Oct. 18.—A determined Monaca high eleven will invade Ellwood City Saturday afternoon intent upon upsetting a favored blue and white team at Lincoln field. Due to the shorter day now the game has been advanced from 3:15 o'clock to 2:45.

Coaches "Denny" Schill and "Dutch" Croft have been preparing their charges for a hard tussle. They are not under rating the plucky valley team which has more or less been a jinx to Ellwood. Although the Tubers have won every game since 1927, it was only after a terrific struggle. The chief difficulty here has been over-confidence. Coach Schill has seen to it that this deos not occur again and has drilled his cohorts accordingly.

Local players who have been suffering from injuries have been given a good rest this week and are reported fit for action and rarin' to go. Captain Kraynak's leg injury and Bill Young's shoulder have responded satisfactorily to the treatment and rest this week. Both will be used only sparingly in the game. For most of the game their shoes will be filled by Pratt and Metz respectively. The Ellwood Wolverines are in better shape for this game than a week ago when injuries took quite a toll.

All week the locals have brushed up on their offensive which now looks like a well polished machine. On Wednesday and Thursday a defense against Monaca's offensive was formed, especially against their aerial attack for which they are noted. Considerabl time was spent on this. With 20 lettermen back Coach Stan Berkman has developed a team that has been much trouble to its opponents. Their record to date is one win, one loss and two scoreless ties. With Martincheck, Bentel and Kermiet in the backfield, Nichol center and Buluski tackle, Coach Berkman had a fine nucleus for this year's eleven. The locals should experience some difficulty with Monaca as they also use a spread formation to a good extent in their offensive.

With the exception of Bill Hines, who has a sprained ankle, Coach Schill announced that the remainder of the squad is in fine shape for the game. The whole squad of some 75 players will be on the bench.

Mothers To Be Honored.

Mothers of the local football players will be guests of honor for this game. They will bear numbers corresponding to that on their sons' jerseys, and will walk down the center of the field and thence to a reserved section behind the players' bench. Each will be presented with a flower. This is in appreciation of the patience and cooperation of mothers during the grid season, who have stood for late suppers and injuries in a fine manner.

The probable lineup:

Ellwood		Monaca
Hughes	L.E.	McDonald
H. Young	L.T.	Armstrong
Pishioneri	L.G.	Fath
Kraynak (c)	C.	Nichol
Miller	R.G.	Olshanski
Tammaro	R.T.	Buluski
Flanagan	R.E.	Verban
Luxenberg	Q.B.	Turbish
W. Young	L.H.	Martinchek
Bognosky	R.H.	Sebastian
Scopelite	F.B.	Bentel
